EXPECT STRIKE CALL SOON FOR NON UNION MEN

Leaders of Districts Near Unorganized Field Will Act.

Interest Centers In Response In These Fields To Strike Call.

Indianapolis, March 27.—With plans complete for the nation wide coal strike, union leaders here today awaited developments in their program for a complete tie up of the country's coal industry through their call to 200,000 non-union miners to join the half million union workers in the suspension of work of next Friday midnight.

No action, however was contemplated to be taken from union headquarters here today but officials bordering the non-union fields were expected to make formal calls for action on the part of the non-union workers. The nature of the activities among the non-union workers had been left to the discretion of the eiaders but within each field it was understood the union already had many organizers who had been enrolled some time ago as non-union employes.

Interest in the program of striking in the non-union fields centered largely in Pennsylvania where half of the country's non-union men are employed. Virginia, too was a center of union attention for many stubborn battles have been fought there with the operators. Other states wit hnon-union workers, who the union hoped to draw into the strike were Alabama, Kentucky, Tennessee, Colorado and Maryland.

International President John L. Lewis was nat at headquarters here today, having advised his office that he expected to return here from Springfield, Ills., his home on Wednesday. Others of the union's executive officers also were absent, Secretary William Green being at home in Coshocton, Ohio; Vice President Phillip Murray in New York to take Mr. Lewis place at the head of miners.

While developments in the New York conference this week were expected to clarify the stand of operators, union men here held out no hope that walkout in the anthracite districts would be averted. On the contrary they expected the negotiations would continue some time in April and that the hard coal fields would be tied up pending the settlement.

For the soft coal fields no settlement wa sin sight for any field although both nortnern West Virginia and Illinois union fields were to hold wage negotiations with operators. Only a change of the union's policy might permit a settlement and the union men asserted that they would not begin retreat before beginning their fight. However some union men were doubtful outside the central competitive comprising the Pennsylvania, Ohio and Illinois fields.

Operators here declared that they were ready for a long cessation of work but some predicted that the miners in some localities would be ready to make separate wage agreements in 30 to 60 days, district union officials, however, asserted that the men would stand solid indefinitely, declaring that their unity would in time force the operators to begin wage negotiations on the basis of an interstate contract.

While some district officials were centering attention today on winning the non-union workers to the walkout, plans were being completed in all the unionized coal fields for permitting men to remain at work protecting the mine properties. Officials of each district un. were to designate the men that would be left in the mines, determining the number as well as the general classification of these workers such as engineers, firemen, pumpers and others. Ten thousand workers throughout the country were expected to be left at work under this part of the suspension program.

FARRINGTON TO MEET ILLINOIS OPERATORS

Springfield, Ills., March 27.—Acting upon his promise to coal operators, President Frank Farrington of the Illinois Union Miners, this morning wired presidents of three coal operators' associations of Illinois that he would meet them in conference at 10 o'clock Wednesday morning in Chicago. When asked if this conference might result in a separate wage scale for Illinois miners, Mr. Farrington said, "not at this time, I believe."

ENRAGED HUSBAND KILLS TWO AND SELF

Marietta, March 27.—Enraged over his failure to persuade his wife to live with him and not return to her mother's home, Dewey Britten, 23, who lived near Torchan, Athens county, seized a shot gun Sunday afternoon, killed his mother in law, Mrs. Roy Clark of Porterfield, his wife Mary Britten 17 and then ended his own life with the gun. A year old baby of the Brittens was found crying a short distance from the scene. In the young slayers pocket was found a 38 calibre revolver fully loaded.

RAID ON COUNTY LINE.

Chillicothe, March 27.—A joint raid by the sheriffs of Ross and Pike counties along the border line yesterday netted them one still on the Pike county side near Bainbridge. Wm. Kirsch in whose home the still was found was held to the grand jury. The still was found in operation in a bedroom and a quantity of corn whiskey was discovered hidden under the floor of a woodhouse.

CASE IS SETTLED.

Washington, March 27.—The government moved in the supreme court today to dismiss its case, brought under the Sherman anti-trust laws, against the Associated Bill Posters and Distributors of the United States and Canada. A basis of settlement satisfactory to the government has been reached, it was said.

Police Called to Handle Crowd When False Rumor Starts Run On Bank

False rumors that the Northwestern Trust & Savings Bank, Chicago, was insolvent, caused 2000 to storm the bank, demanding the return of deposits. One hundred police, 25 armed with rifles, kept the throng in check. Leading citizens from improvised platforms made speeches urging the frenzied depositors to be calm. The Chicago Clearing House and Federal Reserve Bank issued statements declaring the bank to be sound. The only losers were two women whose savings, withdrawn from the bank, were seized by pickpockets in the crowd.

TROOPS USED TO STOP RADICALS

Mexican Town Is Scene of Riots Sunday When Red Flag Is Carried By Women.

Mexico City, March 27.—Five persons were killed and eleven seriously wounded in clashes at Gualalajara, state of Jalisco, yesterday between radicals and Catholic groups, according to the best available information here.

The radicals are reported to have attacked pedestrians and motorists indiscriminately, the climax reached when they met a group of Catholic workmen who had attended a labor meeting.

The workmen were insulted and attacked and when they took refuge in a nearby church, the building was fired upon by the radicals. The body of one victim was found in the church.

All traffic was stopped while numerous occupants of cars were forced to alight and salute red and black flags, most of which were carried by female radicals.

The ralicals marched past the cathedral.

Later the crowd began the indiscriminate rioting which ended in the sanguinary clash of the Catholic workmen. The police were unable to cope with the situation and federal troops were rushed to the scene to restore order.

SCOUT GROUP MEETS TRAGEDY

Three Officials and Five Scouts Drowned When Motor Boat Sinks Near South Bend.

South Bend, Ind., March 27.—The bodies of the eight members of the South Bend Boy Scouts organization who were drowned Saturday at Magician Lake, near Dowagiac, Mich., were recovered Sunday. Identification of the victims verified the list of dead as determined Saturday night.

L. L. McDonald, director of the department of campaign, New York, and J. P. Freeman, assistant national director of the Boy Scouts of America, came to South Bend yesterday to investigate the reports that negligence had caused the accident and they reported that every precaution had been taken for the protection of the scouts.

The drowning occurred when the scout executive, two scoutmasters, and five scouts boarded a motor boat to go to an island in the lake to spend the day working in the summer camp. The motorboat capsized and the eight were drowned before help from shore could reach them.

IRISH REPUBLICAN ARMY IS LOYAL

Dublin, March 27.—The convention of Irish Republican army members which had been forbidden by the Dail Eireann cabinet ended its lengthy session late last night without exciting any outward demonstration or ruffled the usual Sunday life of the city. The provisional free state government made no attempt to interfere with the proceedings and has not definitely stated it will take any action although it is generally supposed that those who attended will be treated as having separated themselves from the rest of the army and their names may possibly be stricken from the army rolls.

The action of the convention in unanimously adopting a resolution reaffirming the delegates' allegiance to the Irish reppublic met with strong condemnation among the supporters of the free state.

AUTO DRIVER DIES OF FRACTURED SKULL

Cincinnati, March 27.—Arthur J. Hillenbrand, 35 years old, brother of Ray J. Hillenbrand, member of the Hamilton county board of elections, died today from a fracture of the skull, received when the automobile he was driving struck a telephone pole yesterday. Howard M. Petrie, 25 years old, broker, who was in the machine with Hillenbrand, is in a critical condition today, suffering from what is probably a fracture of the skull.

Hillenbrand was one of the best known automobile dealers in Cincinnati and was secretary of the William Hillenbrand company, contracting plumbers.

GERMAN MARK DROPS TO NEW LOW LEVEL

New York, March 27.—German exchange broke all previous low records here today, marks falling to 29 1-8 per 100. The previous minimum quotation for this remittance was 29 1-2 cents per 100 made last week.

Aside from liquidations by Berlin, Hamburg and other German centers, London and Amsterdam also made heavy offerings. Selling of marks today was again largely for foreign account.

SENATE STILL HAS TREATIES

Technical Tangle Over Pacts Made By Arms Delegates May Be Cleared Up By New Plan.

Washington, March 27. — Two methods of clearing up the technical senate tangle over the four-power Pacific treaty and its two supplements were under consideration today by senate leaders, while the senate continued the debate on the supplementary measure excluding Japanese mainland from the scope of the four-power treaty.

Adoption of separate resolution ratifying the supplemental measure including mandate islands and excluding domestic questions from operations of the four-power treaty was one method. The other plan under consideration by the majority leaders includes in the resolution ratifying the Japanese mainland treaty of the reservations affecting the mandated islands and domestic questions. Those suggesting the latter method by which the "declaration" would be made a part of the ratification of the supplementary treaty, pointed out that it would meet the objection of demands that a separate ratification of treaty would not require action by the other signatories.

Leaders planned to proceed with voting on the supplement despite the absence of 15 senators on the Muscle Shoals inspection trip. Republican leaders said that canvasses of senators remaining here insured a two thirds vote for the supplement on the basis of the vote on the four power treaty.

RETAIL FOOD COSTS SHOW DECLINE

Washington, March 27.—Retail food in ten cities decreased from one to four per cent Feb. 15 to March 15, the bureau of labor statistics announced today. The decreases were as follows:

Manchester 4 per cent; Baltimore, Bridgeport, Newark, New Haven, New York, Richmond and Washington 3 per cent; Milwaukee 2 per cent and Denver 1 per cent.

For the year ending March 15 last, retail food prices decreased 13 per cent in Bridgeport and Denver; 12 per cent in Manchester and New Haven, 11 per cent in Baltimore, Washington and Milwaukee; 10 per cent in Newark and 9 per cent in New York and Richmond.

TOLEDO HAS BAD FIRE EARLY TODAY

Toledo, March 27.—Fire caused by the ignition of the celluoid toys from an unknown source caused damages estimated at $130,000 to the stock of the Nathan Brothers wholesale novelty company in the downtown section here early today. Seven carloads of imported toys and a large quantity of domestic goods on display were virtually destroyed. Walter Gideman a fireman was fatally cut by flying glass, and was removed to a hospital.

REACHES FINAL STAGE.

London, March 27—The Irish Free State bill passed its third and final reading in the house of lords today.

ERIE'S REFUNDING PLAN APPROVED

Washington, March 27.—The Interstate Commerce Commission by an order supplementing its recent approval of Erie railroad refunding plans today specifically authorized that railroad to extend for one year a note held against it by the war finance corporation and falling due April 1, the Erie was also authorized to issue an additional $2,500,000 in six per cent notes which will be delivered to the war finance corporation in lieu of other securities of the Erie which mature April 1.

TEXTILE STRIKE HITS NEW MILL

Lawrence Operatives Refuse to Go to Work in Protest Against Wage Reductions.

Lawrence, Mass., March 27.—The New England textile strike was extended today to this city on old battle ground for mill disputes with curtailment of production in several plants but no disorders. Several thousand operatives refused to go to work in protest against a 20-per cent wage cut.

The pacific mills were the most seriously affected of the seven plants which opened under reduced pay scheduled. In the lower Pacific mills, the electricians and machinists were among those who stayed out and many who appeared at the plant as usual were unable to work because of lack of power. Police estimated that about one-half of the employes at the upper Pacific mills went to work, but there were also many left the plant.

At the Pacific print mills, a few went to work but most of those left later in the day. The Pacific mills employ normally about 10,000 operatives.

At the other mills where cuts effective today many workers appeared at the regular hours, but soon began to leave. These mills employ approximately 3,000 operatives.

PACKERS' PROBE OPENS TODAY

J. Ogden Armour One of Witnesses Called in Federal Investigation of Alleged Monopoly.

Kansas City, March 27.—With J. Ogden Armour of Chicago, president of Armour and company, subpoenaed as a witness, the federal department of agricultural's hearing of complaints against the packing company was scheduled to open here today.

Charges of monopolistic practices in the conduct of the Mistletoe Yards here, tending to depress the price of hogs and interefere with open competitive trading were brought against the Armour company in January by J. P. Swift and Frank Witherspoon, live stock commission men acting for the Kansas City live stock exchange. Violation of the federal packer-stock yards control act of 1921 is charged. Under the provisions of that act the hearing is being held before a commissioner of the department of agriculture J. T. Hainer.

Thirty-nine associations of live stock producers and farmers including the Kansas state live stock association, the Missouri Live stock association, the Oklahoma Live Stock Association. The National live stock producers association and the Farmers Union of Kansas have joined the local live stock exchange in the charges against the Armour company.

AIRPLANES SEARCH FOR MISSING BODIES

Miami, Fla., March 27.—Airplane search for the bodies of Mr. and Mrs. August Bulte and Mr. and Mrs. Lawrence Smith of Kansas City, and Mrs. J. S. Dickson of Memphis, lost when the flying boat Miss Miami was wrecked at sea last Wednesday, has been discontinued, but the subchaser service went out early today in hope that some traces of the victims of the tragedy might be found.

The only survivor of the tragedy, Robert Moore, the pilot, who was rescued Saturday, is now in a hospital slowly recovering from his experiences.

CLUB STEWARD HELD FOR LIQUOR VIOLATION

Cleveland, March 27.—Frank Kerze chief storekeeper at the Union club, wanted on a charge of violating the national prohibition laws, surrendered to the federal authorities today. Detectives and deput U. S. Marshalse had been searching for Kerze since the arrest Saturday of Theodore DeWitt, manager of the club, on the same charge.

Kerze, is said by Assistant U. S. district Attorney Henderson to have taken charge of 60 cases of contraband liquor brought here from Canada by Captain Wm. F. Curry.

The arrest of the two men is said to have resulted from statements made to the authorities by Curry.

CRAIG WILLING TO MEET IRISH IN CONFERENCE

Wires London That Representative Will Arrive Wednesday Morning.

Disorders Continue As Arrangements Made For Parley.

London, March 27.—The Ulster cabinet today accepted the invitation extended by Colonial Secretary Churchill to a conference in London of Irish leaders, called in view of the disturbed conditions in Ireland.

Premier Sir James Craig, telegraphing acceptance in behalf of the Ulster cabinet, said members of the northern government will arrive in London Wednesday.

Dublin, March 27.—The correspondent of the Freeman's Journal at Charleville, county Cork, has been arrested. Apparently, says the newspaper, the Irish Republican army was offended by his report of an attempt to break the treaty meeting at Charleville.

Londanderry, March 27.—A force of Republicans attacked the police barracks at Newtownard Cunningham occupied by free state troops early Sunday. After a rifle duel of three hours' duration, the attacking party retired, leaving six prisoners and several wounded.

Belfast, March 27.—Deaths in the hospitals of two wounded persons late last night brought the total of fatalities in the disorder of the week end to seven.

Belfast, March 27.—A notice posted near the town hall in Dundalk, County Louth, a strong Sinn Fein center near the northern border of the free state territory, calls attention to the absence of any resolution that non-Catholic body county Louth against murderous acts and calls upon the Prostestants to "act immediately failing which we are determined to use the same means as they in Belfast used to our fellow Catholics."

"On and after March 29," adds the notice, "for every Catholic man, woman, boy, girl or child murder or maltreated also shall the murderer meet the same fate."

FEDERAL BANK SEES REVIVAL

Business Conditions Show Improvement Monthly Review of Cleveland Bank Says.

Cleveland, March 27.—Business conditions continue to improve, according to the monthly business review of the Fourth Federal Reserve bank, issued today. An encouraging sign that the revival of industry is proceeding, the report states, is seen in the oil industry.

A slight increase in demand was noted during February for steam cylinder oil and other products used almost exclusively in mills and manufacturing plants.

Business in irons and steels has continued to develop and the situation is the most hopeful in more than a year. There is also a decided improvement in the motor truck industry, a better feeling in the lake trade and evidence of more satisfaction in the farming business, the report continues.

MISS STONE'S TRIAL OPENS IN BROOKLYN

New York, May 27.—In a court room crowded to the door, selection of a jury to try Miss Olivia M. P. Stone on a charge of murdering Ellis Kinkead, former corporation counsel of Cincinnati began today before supreme court justice Aspin all in Brooklyn. She was the first woman to be tried in King's county on an indictment for first degree murder in many years.

Clad entirely in black, with a heavy veil obscuring her face, Miss Stone appeared to have been benefitted by her long confinement in jail.

Miss Stone, a graduate nurse shot Kinkead last August on a Brooklyn street near his home. She claimed that she had been married to him, but that later he had married another woman. After brooding over the affair for several months, she asserted, she followed him from his office and fired and killed him as he neared his home.

ASSOCIATED PRESS EDITORS IN SESSION

Cleveland, March 27.—Editors and Publishers of newspapers in Ohio receiving the Associated Press service were here today for the annual meeting of the Ohio Associated Press Editors Association. Ways to improve the service and methods by which cooperative gathering and dissemination of news were discussed.

Following the business meeting the newspaper men will be taken through the plant of the Cleveland News Leader. Tonight they will be guests of the News Leader and the Cleveland Plain Dealer at a banquet and entertainment after which they will visit the Plain Dealer plant.

Among those attending are Joseph Carretson of Cincinnati, who presided at the business meeting; W. F. Hedrick, Toledo; W. F. Magg, Jr., and Ed H. Hilt, Youngstown; W. F. Wiley and Captain Wade Mount Eortt, Cincinnati; Robert Wolfe, Columbus and Mrs. Zell Hart Deminin, Warren.

LOANS APPROVED.

Washington, March 27.—Approval of 121 advances for agricultural and live stock purposes aggregate $3,324,000 was announced today by the war finance corporation the loans included In liana $20,000, Michigan $15,000, and Ohio $76,000.

Belfast Streets Barricaded When Rival Factions Clash

Workmen block street intersections with boards and sand to stop rifle fire between rival factions in Belfast. Snipers have claimed several victims in the past week.

COURT REFUSES INJUNCTION IN MATTER OF CHANGING CLOCKS

Court House Clock Governed By City Laws Because It Is Within City Limits, Attorney Contends—No Confusion In City Schools, Supt. Barnes Says.

Judge Charles N. Moore dismissed the temporary restraining order issued Saturday with reference to the court house clock and refused to grant a temporary injunction in the case of Watson C. Seward vs. the City of Newark in common pleas court this morning. The decision came following the hearing of the evidence and the arguments of council.

Seward was represented by B. G. Smythe, while the city was represented by City Solicitor Randolph, County Prosecutor Ralph Norpell and Attorney Fitzgibbon. In addition to these nottorneys active in the case, practically every other lawyer in the Licking county bar was present to hear the case in addition to a large group of interested spectators.

Judge Moore called the court to order at 9 o'clock, standard time, although it was 10 o'clock by the watches of nearly everyone in the court room, and Attorney Smythe opened the case for his client by reading the petition in the case.

City Solicitor Randolph asked that Watson C. Seward, the petitioner, be sworn and he took the stand. He was asked in what way he would suffer the damage which the petition alleged and he replied that his business of auctioneer took him to the country where confusion of time often resulted in people arriving late at sales, at a loss to himself and his client. Seward was unable to give any dates or particulars of losses sustained, however.

In the arguments of counsel, Attorney Smythe maintained that Ohio law required public buildings and institutions to have central standard time for the conduct of business and Prosecutor Norpell admitted that that was the law.

Attorney Fitzgibbon contended that a city had the right to establish whatever time it wanted under authority of a supreme court decision and maintained that the court house clock, although maintained by funds supplied by both the city and county, should be governed by city laws as it was located here and used by city people almost exclusively.

Little trouble was experienced by Newark people in changing from standard time to eastern time. The churches were as well filled with worshippers as usual and with the exception that the court house clock still recorded the old time, practically all clocks were changed between midnight Saturday night and Sunday morning.

Superintendent Barnes of the schools stated that no trouble was experienced in the schools this morning and that there was no tardiness as a result of the schools starting at 7:30 standard time.

"By using the terms eastern or central time, much confusion could be avoided," said a Newark man this morning, discussing the confusion resulting from such terms as fast time, slow time, sun time and courthouse time. "If you make an engagement," said this Newark man, "indicate whether it is eastern or central time." Those are terms understood by every one, including people from out of the city."

SEVRES TREATY IS RE-WRITTEN

Allied Foreign Ministers Submit Draft of Proposed Revision Affecting Turks and Greeks.

Paris, March 27.—The allied foreign ministers have sent to Greece and to the Turkish governments at Constantinople and Angora memorandus of the proposed revision of the treaty of Sevres with a view to its acceptance as a preliminary peace settlement in case the Turks agree to the armistice previously proposed.

The features of the preliminaries to peace proposed to Greece and the Turks by the foreign ministers are:

Perpetual freedom of navigation of the Dardanelles and the Bosphorus. Turkish sovereignity over all of Asia Minor and all of the territory bounded by the Caucasas, Persia, Mespotamia and the Mediterranean and Ageanan seas.

Adrianople to go to the Greeks, but a large percentage of Thrace is to be returned to Turkey.

The peninsula of Gallopoli to go to Greece.

The foreign ministers in their memorandum form for the belligerents that the desire of the allies is to re-establish peace and to re-establish the Turkish nation in the territories that were considered as belonging to it with Constantinople; to assure the Mussullman population the most equitable regime; to give Greece compensation for the sacrifices she made in the war; to protect the racial minorities and to prevent further wars between Turkey and the European powers.

To this the minister added:

"The people of the government that would reject these propositions through prejudice assumes the responsibility for the continuation of the conflict."

TURKEY CONCEDED NEARLY ALL CLAIMS

Paris, March 27.—Turkey is conceded nearly all her claims, except those to Adrianople and part of eastern Thrace in the memorandum which the allied foreign ministers today forwarded to Athens, Angora and Constantinople with a view to its acceptance as a preliminary peace settlement, revising the treaty of Sevres.

The Enos-Milia line in Trace is modified so as to give Turkey more territory on the Bulgarian frontier, but the old Turkish capital of Adrianople is excluded.

Constantinople remains Turkey's and she retains Armenia, with the population under the League of Nations protection, but she loses the Gallipoli peninsula and Mesopotamia.

The foreign ministers give the Greek and Turkish belligerents three weeks in which to reply to the proposed terms.

NO INCREASE IS ULTIMATUM OF ANTHRACITE MEN

Negotiations to Avert the Strike in Eastern Field Are Resumed.

Miners Say Excessive Profits Are Taken By Operators.

New York, March 27.—Labor members of the anthracite arbitration committee returned from Cleveland today to renew negotiations with the operators in an effort to avert the strike called for next Saturday night.

Both operators and miners expressed a desire to end the general discussion which marked the opening days of the conference last week and to confine future sessions to consideration of the 19 demands of the workers.

Demanding a 20 percent increase in wages, the miners say they propose to demonstrate that wages in the mines failed to keep pace with wages in other industries during the war; that the total increase has been only 65 percent since 1916. That the mine operator is making an excessive profit by underpaying his labor and overcharging the consumer, and that the mines could continue to show a reasonable profit to the operator after granting both an increase in wages and a reduction of prices.

The operators indicated that today, for the first time since the discussion of a new contract was undertaken, they would make known the percentage of wage cuts they advocate in counter proposals to the 19 demands of the miners. Asserting that they will not consider a wage increase, the operators say that costs of mining and transporting coal have not decreased and that the market for coal has suffered because of the public's inability to pay prevailing prices.

Phillip Murray, vice president of the United Mine Workers of America, has replaced John L. Lewis, president of the international organization. S. D. Warriner, president of the Lehigh Coal and Navigation company will continue spokesman for the operators.

Mr. Lewis has announced that he will remain at Indianapolis headquarters of the United Mine Workers to direct the strike of both anthracite and bituminous workers. Nearly 40 members of the anthracite workers scale committee returned to New York today to keep their locals and districts advised of the wage negotiations.

WOMAN PERCHES IN TREE FOR 30 HOURS

Washington, March 27.—With the multitudious information of all the government because right at hand the district police for the past thirty hours have been unable to find a method for luring a woman inmate of St. Elizabeth hospital for insane in her precarious perch on a branch of a tree in the institution ground. The tree overlooked a ravine, 60 feet deep into wnich she threatens to throw herself if any attempt to climb after her is made.

Meantime a patrol of police from the fire department, and street departments and sundry nurses, doctors and attaches of the hospital, are keeping watch for the first indication that she had decided to avail herself of the feminine privilege of changing her mind.

AUTOIST LEAVES MAN TO DIE ON STREET

Cleveland, March 27.—Emil Sidlak, 60, died in a hospital today from wounds he suffered 24 hours before when he was struck by an automobile and according to the police, left in the gutter to die when he refused to accept $50 from the driver of the car if he "Would forget about the accident" his death makes the 21st from traffic accidents this year.

After striking the man, according to the story Sidlak told the police before his death, the driver lifted Sidlak into the car. After driving several blocks, the police say, he was taken from the machine and deposited alongside the curb because he refused to accept the autoists' proffer. He was found by a passerby and taken to the hospital.

FOUR RAIDS YIELD LIQUOR

Police Also Find Merchandise Said To Have Been Stolen From Freight Car.

The home of Charles Daugherty of 236 Oakwood avenue was raided this morning by Chief of Police Sheridan and Officers McCormick and Smith. Evidence in the shape of mash was secured by the officers and he is being held pending analysis of the stuff.

Harry Daugherty's home 139 1-2 Oakwood avenue was raided also this morning by Safety Director Sherburne and Officers Hurbaugh, Stoffer and Stotts. The officers found a quantity of bolts of gingham goods which is alleged to have been stolen from Pensylvania freight cars.

Safety Director Sherburne and Captain Hager, and Officers Harter, Williams, DeWitt and Shaw raided the home of Percy Emch, 15 1-2 West Main street Saturday night where a gallon of corn whiskey was obtained. Emch was arrested and later released on $500 for appearance in municipal court Tuesday afternoon at 1 o'clock. The corn liquor tested 27.8 per cent alcohol.

Nick Spiro was arrested in a raid Saturday night in his home at 99 South Fourth street. A small quantity of liquid was seized and Spiro is being held pending analysis of the stuff.

BABY'S BODY FOUND.

Toledo, March 27.—The body of a two weeks' old baby boy was found floating in the outer Maumee bay here late Saturday according to a police report today. The body, wrapped in a man's shirt, was discovered floating in the water near the shore. A knotted rope about the neck indicated strangulation before the body was thrown into the water. Coroner Charles Hezler, who made an immediate investigation, said the body had been in the water about two weeks.

THE FIRST FIVE MINUTES OF A FIRE.

Suppose your house is burning up.

Do you know what to do before the flames get beyond control?

A pail of water or a hand extinguisher, used in time, will do more good than fire engine a few minutes later.

It is important to know how to check fires when they start. Just a few days ago Chicago suffered another big fire in the heart of its business district. It is supposed to have been started maliciously. If it had been discovered in the first minutes, millions of dollars worth of property could have been saved.

Learn youself and teach your children what to do if a blaze is discovered. Any of our readers can have, free, a 94-page booklet dealing thoroughly with this subject. To secure a copy, just fill out and mail the coupon below, enclosing two cents in stamps for return postage on the booklet. Be sure to write your name and address clearly.

NEW SECOND PLACE TEAM

Watertown, Wis., Five Holds Position After Ousting St. Paul Bowlers in Toledo Tournament.

Toledo, March 27.—Members of the St. Francis hotel five of St. Paul, the team that landed in second place on the first squad last night only to be kicked out two hours later by the West Side Alleys of Watertown, Wisconsin, started the ball rolling this morning in the minor events of the American Bowling congress tournament. Other bowlers on the first squad of doubles and singles were from Kansas City and Des Moines.

Cincinnati, Columbus and Cleveland were represented on the later shifts.

Al Langtry, secretary of the American Bowling congress, was considering today what further action he will take in connection with the Buckeye Malt Syrup five of Cincinnati, which is alleged to have used an illegal bowler on March 9. Langtry has thrown out the scores and may bring about suspension of the team it was said.

The standings:

Five Men.

Lincoln Life Insurance Co., Ft. Wayne	2995
West Side Alleys, Watertown	2957
St. Francis Hotel, St. Paul	2942
Koors 29, Dayton	2936
Charles Weber, Chicago	2909

Two Men.

C. Spinella B. Spinella, New York	1356
Eberhard-Coffin, Des Moines	1321
C. Degen-F. Degen, Buffalo	1297

MANAGER FOHL UNCOVERS TWO PHENOMS FOR BROWNS IN SPRING TRAINING CAMP

Left to Right, Eugene Robertson, Frank Ellerbe, Dave Danforth.

HERE ARE FOOTBALL DATES IN OHIO CONFERENCE NEXT FALL

Football games listed for next year and the officials assigned to them are given below. In each case, the referee is given first, then the umpire, and headlinesman. In some cases where a fourth official is shown it is that of field judge.

Several changes may be made in the list, managers said, due to the fact that some of the officials have dates outside of the conference. These dates, however, were not marked reserve on the question naire.

The list follows:

September 29.

Kenyon vs. Antioch—Hamilton and Hayes.

September 30.

Case vs. Hiram—Gibson, Thellar and Schickle.

Wilmington vs. Ohio University—Hamilton and Prugh.

Otterbein and Wesleyan—Swain, Dunlap and Maxwell.

Wooster vs. Ashland—Weygandt and Brannon.

Reserve vs. Akron—Roudebush T. H. Jones and Merrill.

October 7.

Wilmington vs. Denison—Hamilton, Eichenlaub, Littick.

Akron vs. Wooster—Towne, Gibson and Crawford.

Wittenberg vs. Muskingum—Prugh Reese, Maxwell.

Oberlin vs. Kenyon—Tyler, Weygandt and Daniel.

Ohio vs. Baldwin Wallace—Roudebush, Jones and Fry.

Otterbein vs. Hiram—Thellar.

October 14.

Wesleyan vs. Ohio Northern—Means, Swain, Trautman.

Dayton vs. St. Xavier—Lang, Wessling and Johnson.

Reserve vs. Wittenberg—Wells, Littick, Maxwell.

Case vs. Wooster—Tyler, Bell, Daniel.

Muskingum vs. Otterbein—McDonald and Emsweller.

Oberlin vs. Ohio State—Hamm umpire).

Ohio vs. Denison—Prugh, Hoyer, Eichenlaub.

Kenyon vs. Hiram—Hamilton and Weygandt.

Akron vs. Miami—Martin, Reese, Tibbits.

Heidelberg vs. Mt. Union—Page, Brooks.

October 21.

Mt. Union vs. Kenyon—Page and Prugh.

Wooster vs. Otterbein—Towne and Daniel.

Wittenberg vs. Denison—Means, Hoyer and Littick.

Cincinnati vs. Wesleyan—Swaine, Reese and King.

Ohio Northern vs. Miami—Hamilton, Mahart and Abt.

St. Ignatius vs. St. Xavier—Jones, Hiram vs. Oberlin—Tyler, Gibson and Hazelwood.

Reserve vs. Ohio University—Roudebush and Merrill.

Akron vs. Case—Bell and O'brien.

October 28.

Reserve vs. Wooster—Evans, Bell and Daniel.

Hiram vs. Ashland—Fry and Theiler.

Case vs. Cincinnati — Gibson, O'Brien and Merrill.

Kenyon vs. Muskingum—Littick and Emsweller.

Oberlin vs. Amherst — Bechtel, Jones, Tyler and Weygandt.

Denison vs. Miami—Hamilton, Prugh and Mahart.

Heidelberg vs. Northern—Means, Reese and Trautman.

Mt. Union vs. Akron—Roudebush, Page and Ladd.

November 4.

Denison vs. Wooster — Swain, Hamm and Cordray.

Miami vs. Wesleyan—Nichols, Reese and Maxwell.

Case vs. Mt. Union—Means, Weygandt and Schenle.

Earlham vs. Muskingum—Littick, Emsweller and McDonald.

Wittenberg vs. Oberlin—Wells, Prugh and Hoyer.

Reserve vs. Hiram—Thellar, Bell and Merrill.

Akron vs. Ohio Northern—Mauer and Daniel.

Heidelberg vs. Otterbein—Dunlap.

Ohio University vs. St. Xavier—Hamilton and Eichenlaub.

November 11.

Otterbein vs. Wittenberg—Wells, Cordray and Maxwell.

Mt. Union vs. Miami—Prugh, Mahrt and King.

Denison vs. Cincinnati—Hamilton, Hoyer and Gullum.

Reserve vs. Ohio Northern—Bechtel and Young.

Wooster vs. Kenyon—Towne and Roudebush.

Hiram vs. Muskingum—Thellar, Snyder, Harvey and Hogan.

Case vs. Oberlin—Tyler, Weygandt, Gibson and Hazelwood.

Heidelberg vs. Akron—Means, Reese and Trautman.

November 17.

Denison vs. Heidelberg—Bechtel, Tyler and Cordray.

November 18.

Cincinnati vs. Wittenberg—Reese, Hamilton and Hoyer.

Wesleyan vs. Case—Nichols, Swain and Maxwell.

Wooster vs. Mt. Union—Page, Prugh and Martin.

Kenyon vs. Reserve—Bell and Merrill.

Ohio University vs. Otterbein—Cordray and Wells.

Miami vs. Oberlin—Bechtel, Jones, Roudebush and Daniel.

Hiram vs. Akron—Thellar, Fry, Gibson and Hazelwood.

Muskingum vs. Marshall—Littick and McDonald.

November 25.

Wooster vs. Muskingum—Hogan, Roudebush and Holsinger.

Denison vs. Wesleyan — Swain, Gulum and Maxwell.

Reserve vs. Heidelberg—Means, Hamilton and Trautman.

DAVE DANFORTH WILL GET A REGULAR TURN

Mobile, Ala., March 27.—(By NEA)—Two new members are now regarded as regulars on the pitching staff of the Browns. They are Southpaw Dave Danforth from Columbus and Wayne Wright from Louisville.

They are added to Urban Shocker, Elam Vangilder, Daxie Davis, Bill Bayne and Ray Kolp.

The leader of the flock, of course, is Urban Shocker who won 27 games last season.

Shocker is taking a slow and careful course this spring. Just a few weeks and he is in condition to pitch.

The one who is expected to pitch the Browns close to the pennant is Danforth.

Southpaw Dave has been in the American League before— with the Athletics and the White Sox.

With Mack he was a tender kid—plucked too green. With the White Sox he did not have a chance to break in with Claude Williams, Eddie Cicotte, Urban Faber and Dick Kerr for the regulars.

Wright is a graduate of Ohio State University. He was tried out by the Browns two seasons ago and a course at Louisville seems to have fitted him for the American League.

MANAGER LEE FOHL HAS FEW WORRIES

Mobile, Ala., March 27.—By NEA—Manager Lee Fohl of the Browns has no worries as to his catching or outfield.

The catching staff will consist of his trio of regulars of last year, Hank Severeid, Pat Collins and Josh Billings.

Two youngsters, Arthur Watkins and John Heving, are trying for a berth, but will probably be sent back to the minors for more experience.

Manager Fohl is confident that Pat Collins has arrived with a vengeance. He intends to use him a great deal this summer to help out Severeid who for years has carried the burden.

The outfield will be Ken Williams in left, Jacobson in center and Johnny Tobin in right. Chick Shorten, secured from Detroit, will play utility role.

BILLIARD TOURNEY STARTS.

Chicago, March 27.—Final preparations were completed today for the 1,500 point 18.2 balke line billiard match for the world's championship which starts tonight between Willie Hoppe former champion and Jake Schaemmer, who won the title from Hoppe a few months ago. The players today were given the same careful physicial attention accorded championship pugilist a few hours before the bout.

THEATER SAFE ROBBED.

Cleveland, March 27.—Safe crackers who blew two safes in the Gaety theater on East Ninth street early today escaped with more than $1,000, representing Sunday's receipts of the Gaety and the Bronx theaters, which are under the same management.

Read Advocate Want Ads tonight.

CITY TOURNEY OPENS APRIL 11

Bowling Association Arranges Week's Program to Be Carried Out on Pastime Alleys.

The first annual city bowling tournament will open at the Pastime bowling alleys April 11 and continue until April 18, it was announced this morning. The tournament will be conducted by the Newark City Bowling association. Del Hawkins, secretary of the organization has been working on the details of the tournament for some time and announces that it will be the largest tournament ever conducted in the city. Entries will be received until April 5. Newark bowlers are much interested in the event.

MORAN HAS BIG TASK WITH RED RECRUITS

Mineral Wells, Tex., March 27.—(By NEA)—Manager Morgan of the Cincinnati club has 30 players in training. They are divided into 12 pitchers, three catchers, eight infielders and seven outfielders.

Of the 30 players, 16 are new to the team this year. Of this number George Burns and Pitcher John Scott have definitely won their big league spurs.

Of the 14 players with the Reds last season, just nine just nine played throughout the whole campaign with Cincinnati.

From among the new men Manager Morgan must develop or find two new infielders and at least one, possibly two, pitchers to work regularly.

Morgan's problem is a big one, since his weakness is in the infield and pitching, two most important assets.

No position on the infield is more vital to the success of a club than shortstop. That position must be filled. It is a certainty that Jimmy Caveney, star of the Coast League, will look after the job.

Caveney is the big if in the Cincinnati defense.

HEBRON SPEED TRAP HAS BEEN BROKEN UP

Investigation of the operations of a speed cop who has been operating around Hebron developed the fact that the man was operating without authority except in the city limits of Hebron. It is alleged that he operated a speed trap for a distance of four miles east and west of the town.

Investigation started with the complaint of Hebron merchants to the Columbus Auto club. The complaint stated that the officer was only motorists driving through the territory. A conference with Prosecutor Ralph Norpell disclosed the fact that the man held a deputy sheriff commission but that the commission had not been renewed this year. The prosecutor held that the man had no authority to arrest outside of the limits of Hebron, where he had the authority of a special officer appointed by Mayor White for work in the village.

MUSIC WILL ADD TO GYM DEMONSTRATION

One of the features of the gymnasium exhibition, to be held at the Y. M. C. A. on April 7th, will be the music accompanying the marches and class drills. As far as the local gym classes are concerned, this is rather a novel feature.

A miniature piano, called a Meissner, was rented from a local dealer and is directly on the gymnasium floor, so that the music and performers can work together.

The gymnasium exhibition will include some folk dancing, as well as class calesthenics, and marching and exercises on various apparatus.

Every class is expected to be represented in the exhibition. This will be the first public showing of the work of the physical director, H. W. Johnson.

SHIPS WITH WINGS

London.—Destroyers with wings are being made by a British firm under direction of the air ministry. The winged ships are made for navigation on the sea as well as through the air.

PRINCE IS CHECK BOY

Nice, France.—Prince Nengami, dispossessed of his native country, Nigeria, is a check boy in the Hotel Ruhl here. The war made him penniless.

WHICH OF THESE WILL COVER KEYSTONE SACK FOR TIGERS

Young Above, Rigney Center, Cutshaw Below

JOHNNY SHOVELIN TO PLAY WITH MASSILLON

Massillon, March 27.—Seven former American League players, two of whom played in the circuit last season, have signed contracts to play with the Massillon Agathons, claimants of the national semi-professional baseball title since 1919, according to an announcement by George Texter, manager of the team.

Fred Brooks, last year with the Chicago White Sox, has signed to play in the outfield, Texter said, and Edgar Collins, who outfielded for Connie Mack last season, will do likewise.

Others who will wear the Agathons' uniform, according to Texter, are:

Red Bluhm, who received trials with the Cleveland Indians and Boston Red Sox, will play first base; Johnny Sheflin, formerly of the St. Louis Browns, second base; Marhofka, who received a trial with Washington in 1921, shortstop and Scott Perry, formerly of the Philadelphia Athletics and Joe Cobb, pitchers.

YANKEES HAVE PLENTY OF UTILITY INFIELDERS

New Orleans, La., March 27.—(By NEA)—The New York infield will consist of Wallie Pipp at first, Aaron Ward at second, Everett Scott, formerly of the Boston Red Sox, at short and J. Franklin Baker at third.

Except at short, where Scott replaces the veteran Roger Peckinpaugh, this is the same combination as that which started the 1921 campaign, and except during periods of enforced inactivity for Baker, remaining intact practically throughout the season.

The only apparent weakness in this arrangement is at third base, where Baker is thought to be too brittle to survive the wear and tear of another strenuous race.

Baker is getting old, as baseball players measure age, and his legs are none too good. Injuries to his legs forced him out of the game for long periods at more than one critical stage of the 1921 pennant pursuit. It is feared that he will be the victim of the same fate again this year.

Fortunately for their chances of winning another pennant, however, the Yankees are well equippedw with extra infielders. Mike McNally, who played so brilliant a game after replacing Baker last season, again is available for service. Huggins also has McMillan, a most promising youngster, in reserve.

SHADE MEETS MITCHELL.

Milwaukee, March 27—Dave Shade of California and Pinkie Mitchell of Milwaukee, will meet in a 10 round decision boxing bout here tonight. Shade recently went 15 rounds with Jack Britton, welterweight champion. It is Mitchell's first engagement since illness forced cancellation of his new years bout with Bennie Leonard, light weight champion.

BANKS FEAR SOLDIERS.

Tientsin, China.—The banks of China and Communications at Wuchang have received so many demands for money from militarists that they have turned their silver over to the foreign concessions at Hankow.

PRHAPS.

It's a known fact that engaged couples hold hands. So they do after marriage, only then the husband is afraid to let go.—Exchange.

AUSTIN AT 40 WINS BERTH WITH ST. LOUIS

Mobile, Ala., March 27.—(By NEA)—James Pepper Austin remains a member of the St. Louis Browns. James is going to celebrate his 40th birthday next December—a tribute to James as he remains a major leaguer.

He has been forced out as a regular owing to the addition of Frank Ellerbe but that does not mean that Jim and his box of pepper are to skid out of the American League.

Quite the contrary. He is practicing shortstop, second base and even first base this spring.

"The boss might need me some day," remarks James.

Aspiring youngsters might take a page from Jim Austin's baseball book.

LEGAL NOTICE.

State of Ohio, Licking County, In the Probate Court.
Bessie Jordan, Plaintiff.
vs.
Joseph Jordan, Defendant.

The defendant, Joseph Jordan, whose place of residence is unknown to the plaintiff, will take notice that the plaintiff has filed her petition in the Probate Court of Licking County, Ohio, praying to be divorced from said defendant, on the grounds of extreme cruelty and gross neglect of duty. Said petition will be for hearing after six weeks from the 27 day of February, 1922.

B. G. SMYTHE.
2-27-Mon-6t Att'y for Plaintiff.

Dizzy Spells

Are Usually Due to Constipation

When you are constipated, there is not enough lubricant produced by your system to keep the food waste soft. Doctors prescribe Nujol because its action is so close to this natural lubricant.

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

Nujol For Constipation

"CONSTIPATED AND MISERABLE"—INTERNAL BATHS STOPPED IT

Mr. L. C. Garvin of 435 E. 9th St., Chester, Pa., writes to the Tyrrell Hygienic Inst.:

"While I have been comparatively healthy all my life, yet I was always troubled with Constipation and you know without my telling you, what that means.

"Since using the 'J. B. L. Cascade,' I hardly know what it means to feel badly for even an hour. I am a firm believer in your treatment."

The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste.

Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

HUDSON AVENUE PHARMACY.

will gladly explain to you the simple operation of the "J. B. L. Cascade," why it is so certain in its results, and will give you free of cost, an interesting little book containing the results of the experiences of Dr. Chas. A. Tyrrell of New York, who was a specialist on Intestinal Complaints for 25 years in that city. Why not cut this out as a reminder to get this book as soon as possible. Remember, please, it is free.

THEY GROW 'EM BIG DOWN IN FLORIDA

Frank Bourner, 295 North Fourth street, who spends his winters in Kissimmee, Florida, is an angler of no mean ability. Writing to the Advocate Mr. Bourner, who left Florida for his Newark home yesterday, said:

Frank Bourner.

"To show you that all the big fish don't get away, I am sending you a photograph of one that I caught at Kissimmee. It is a big mouth bass, the same we have in Buckeye Lake, and weighed 11 pounds. The fishing is good here and George Nicholls and I are out every day fishing."

The picture Mr. Bourner sent is here shown.

O'DOWD TO MEET HERMAN.

Columbus, O., March 27.—Phil O'Dowd, Columbus bantamweight, will meet Pekin Kid Herman of Pekin, Ill., in a 10-round bout here tonight. Other bouts on the card, all of them of 10-rounds, bring together Jimmy Mars, Columbus lightweight champion, and Young Erne of Johnstown, Pa., and Don Bowsher, Lima middleweight, and Gus Camp of Pittsburgh.

Africa in 1920, had a population of 142,872,063.

LIVE IN CAROLINA, TRAIN IN GEORGIA.

Ty Cobb is trying a new stunt this spring in training his players. Instead of quartering them in a hotel at Augusta, the players are living in two Colonial mansions that Cobb rented for training season.

Here the players have their meals prepared by crack southern cooks. Only home cooking is served and the squad is seated at two tables. The home atmosphere is strictly observed.

A peculiar feature of this arrangement is that the players live in South Carolina and work out in Georgia.

Augusta is on the border, and the state line is through the Savannah river.

The two mansions where the players live are just across the river and in South Carolina.

WOOSTER HAS 2 GAMES WITH DENISON NINE

Wooster, March 27.—Wooster College is looking for a catcher for this year's baseball team, to fill a hole left by the graduation of Hunsinger, and if that need is met, expect to have a fair chance of getting away with honor in the Ohio Conference race, according to Coach L. C. Boles. A number of veterans are back, and there are several likely youngsters. Last year, Wooster hung up but one victory out of eight games played. This year's schedule is:

April 14—Denison.
April 22—Ohio Wesleyan at Delaware.
April 29—Dusquesne.
May 5—Akron at Akron.
May 10—Hiram.
May 12—Ohio State at Columbus.
May 17—Western Reserve.
May 20—Ohio Wesleyan.
May 25—Denison at Granville.
May 30—Akron.
June 3—Reserve at Cleveland.
June 10—Kenyon.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

WEDDINGS MAY PREVENT BALKAN WARS OF FUTURE

Skillfully Arranged Marriages Are Engineered By Queen Marie.

Two Have Taken Place and Three Are Expected Soon.

Paris.—(By NEA.)—The Balkan peninsula, famed "cockpit of Europe," is losing its place as a breeding center of European wars.

Age-old scars that time after time have goaded not only the Balkan nations but all of Europe into warfare, are being healed.

Before the end of another generation, diplomats say, the whole turbulent peninsula will be at peace with its half dozen little nations prospering in friendship and cooperation.

What has wrought this change? Skillfully arranged marriages between members of Balkan royal families!

Behind many of them can be seen the hand of Queen Marie of Roumania, world's most skilled diplomatic matchmaker.

Most of these marriages are loveless. In many cases the princes and princesses concerned have been forced to give up others whom they loved.

But they have followed the ancient royal practice of sacrificing love on the altar of diplomatic expediency.

Two important Balkan diplomatic marriages already have taken place while three others are scheduled to take place soon.

Crown Prince Carol of Roumania, son of King Ferdinand, married Princess Helen of Greece, March 9, 1921.

Princess Elizabeth of Roumania was married to Crown Prince George of Greece in February, 1921.

Queen Marie's influence was behind both these marriages. Their diplomatic significance is easily seen—when Cro Prince Carol becomes King of Roumania a Greek queen will sit beside him, while Prince George takes the Greek throne he will have a Roumanian queen.

That means that Roumania and Greece will be closely bound together and friction between them will be highly improbable.

Here are three more royal pairs who probably will be married soon:

King Alexander of Jugoslavia and Princess Marie of Roumania. Their engagement has been officially announced.

Crown Prince Christian Frederick of Denmark and Princess Olga, niece of King Constantine of Greece. This engagement also has been officially announced.

King Boris of Bulgaria and Princess Yolada of Italy. This engagement has been persistently rumored but lacks official confirmation.

If these three marriages take place it will mean:

That the Roumanian royal house will have strengthened itself by forming a little Balkan entente of Roumania, Greece and Jugoslavia, three most powerful Balkan nations.

That Bulgaria, Balkan outcast, will naturally become the ally of Italy, a great power with a tremendous Balkan influence.

That Greece will have secured the support of one of the strong Scandinavian powers.

Princess Marie of Roumania, when she becomes the bride of King Alexander of Jugoslavia, will mount one of the most unstable thrones of Europe and will be the queen of "the most-shot-at king in Europe."

Alexander was the target of bombs in 1917, 1919 and 1920. His life is continually sought by supporters of another Jugoslavian royal line as well as by anarchists and sympathizers with extreme political factions.

Alexander is said to have had one great love in his past life. He was enamored of the Russian Princess Tatiana who was murdered with the czar and his family.

CUPID DRAWS "UNWRITTEN TREATIES" WHICH PROMISE TO PATCH UP BALKAN DIFFICULTIES

How royal marriages are patching up Balkan troubles. Center, Queen Marie of Rumania, Master Diplomatic Matchmaker; left, Princess Olga of Greece and her fiance, Prince Christian Frederick of Denmark; right (above), Princess Marie of Rumania and her finance, King Alexander of Jugoslavia; (below) Princess Yolanda of Italy and King Boris of Bulgaria, whom she may marry.

WOULD FORCE OPERATORS TO KEEP AGREEMENT

Congressman Nolan Says They Agreed In 1920 To Meet Miners.

Declares President and Attorney General Can Act If They Desire.

By JOHN I. NOLAN,
Chairman, House Labor Committee.

Washington, March 27.—As I view the proposed tie-up of the soft coal mines of the country, now scheduled for April 1, it seems to me the first purpose is the breaking down of the miners' organization by simply closing down the mines, after refusing to meet with the miners according to the agreement of March, 1920, thus causing a tie-up to start April 1 and to last all summer with the intention of thus starving the miners into submission—expecting that when they return to work, it will be at reduced wages and changed conditions, all to operate to the profit of the owners.

Meantime, it is doubtless hoped the public, so anxious to get coal, will gladly purchase the large surplus supply now on hand, at greatly increased prices, forgetting the arbitrary increase and the cause thereof and allowing the original demand for lowered prices on coal to be lost sight of entirely.

The general public should not overlook the fact, however, that even a reduction of 25 per cent in wages to miners, would mean less than 50 cents the ton in the retail price of coal, even if the public got full benefit of the reduction in wages.

That being so it is well to try to realize what the operators really have in mind.

They must intend to perpetuate not along the high price now prevailing at the mouth of the mine but also through their immediate selling agencies, through which they have been enabled to reap tremendous profits.

It is a notorious fact that the coal operators make most of their profits through these selling agencies, as illustrated in the differences between the price of coal at the mouth of the mine and that which theconsumer eventually pays.

The coal operators of this country can be forced by the United States government to respect the 1920 agreement, if the president and attorney general will adopt the same methods in dealing with the coal operators that were used in forcing the railroad workers of the country to give up any thought of a strike in 1921.

The attorney general at that time, undoubtedly with the support of the president, called into conference United States district attorneys from all the large railroad centers of the country, his idea being no doubt to bring indictments against the railroad workers and their officers in event of a strike.

The coal operators at that time should receive the same treatment from the administration that it was intended to mete out to the railroad workers last year.

If the administration will take the proper stand the operators will meet the miners and if this meeting takes place it will go a long way toward averting the threatened tie-up of the soft coal mines.

ROTARY HONORS UNKNOWN DEAD

Bronze Memorial Tablet Is Placed in Tomb of Unknown Soldier in Arlington Cemetery.

Washington, March 27.—The tomb of America's unknown soldier was made an international shrine this afternoon when the secretaries of the navy and of war, with members of the diplomatic corps and distinguished guests participated in the exercises conducted by President Crawford C. McCullough and District Governor Ed. L. Stock, of the International Association of Rotary clubs on the occasion of the placing of a permanent bronze memorial tribute on the tomb from International Rotary.

This is the first memorial exercise of this sort that has been conducted in Arlington cemetery and was attended by one of the most distinguished and international audiences that has assembled in the famous Amphitheater. International President McCullough, who is a Canadian, officiated at a similar exercise held last summer at the Arc de Triomphe in Paris, where a bronze memorial from International Rotary was placed on the tomb of the unknown soldier of France. On Armistice Day 1921, William McConnell of Dublin, Ireland, governor of the Rotary District in the British Isles, as a representatives of International Rotary, placed a bronze tribute on the tomb of the unknown soldier of Great Britain in Westminster Abbey.

The ceremony at Arlington yesterday afternoon was of the most simple character. About two thousand members of the Rotary club of the fifth Rotary district, who are gathered for an important conference in Washington, were in attendance, together with International President Crawford McCollough, Secretary of the Navy Denby, Secretary of War Weeks, officers of the army and navy with distinguished records in the world war and representatives of all the 22 foreign countries in which there are Rotary clubs and which have representatives in Washington.

The Rotary memorial is in the form of a bronze tablet on which appears the inscription: "To the Glorious Memory of the Gallant Dead of the American Forces Who Gave their full Measure of Devotion and Service in the WORLD WAR, 1917-1918."

Russians and Hindoos credit the turquoise with being a life preserver.

20 STATES TO SUFFER WHEN MINERS QUIT

More Than Half Million Workers Will Be Affected.

Nearly Half Are Found In Central Competitive Field.

Indianapolis, Ind., March 27.—Suspension of work in the coal industry throughout the unionized fields of the country will directly affect more than a half million workers in the coal fields of 20 states. Twenty thousand canadian miners also belong to the United Mine Workers of America, Nova Scotia forming one union district and the western provinces forming another district.

The great numerical strength of the United Mine Workers of America is in the soft coal industry, the central competitive field, comprising western Pennsylvania, Ohio, Indiana, and Illinois having a combined membership of approximately 215,000. The anthracite industry, centered in three fields, in Pennsylvania, employs 155,000 men, or whom approximately one-half are in the union. In past strikes, however, the union has practically succeeded in bringing a complete walkout in the anthracite fields.

The approximate distribution of union miners by states, obtained from union sources here, is as follows:

Pennsylvania	154,825
Illinois	98,000
Ohio	49,000
West Virginia	48,400
Indiana	31,000
Kentucky	14,900
Arkansas, Oklahoma and Texas	14,800
Iowa	13,100
Alabama	12,200
Tennessee	11,500
Kansas	9,700
Missouri	8,300
Wyoming	7,650
Maryland	5,250
Colorado	4,675
Montana	4,625
Wasnington	4,620
Michigan	2,125
Canada	20,600

The states in whole or part, form union districts, each bearing a numerical designation. No districts, however, are numbered 3, 4 or 28. District No. 1 is the anthracite field around Scranton, Pa.; District No. 2, the bituminous of central Pennsylvania; District 5, Western Pennsylvania; District 7, the anthracite field around Hazelon; Disric 8, the small Brazil block field of Indiana; District 9, the antracite field around Shamokin; District 10, Washingtin; District 11, Indiana, excluding the Brazil block field; District 12, Illinois; District 13, Iowa; District 14, Kansas; District 15, Colorado; District 16, Maryland; District 17, Northern West Virginia; District 18, Western Canada; District 19, Tennessee and Harlan, county (Ky.,) field; District 20, Alabama; District 21, Arkansas, Oklahoma and Texas; District 22, Wyoming; District 23, Western Kentucky; District 23, Michigan; District 25, Missouri; District 26, Nova Scotia; District 27, Montana; District 29, New River, Loop Creek and other West Virginia fields; and District 30, the Big Sandy field of Kentucky.

HAPPY FAMILY PRAISE DRECO

Father, Mother and two daughters rely upon this sterling medicine.

Could anyone imagine a more disheartening state of affairs than for one with the responsibility of two baby daughters to raise to lose their health. This was the case with Mrs. W. H. Hicks of Staunton, Va., who said.

Mrs. Hicks and Daughters.

"Up to a few years ago I enjoyed the best of health but in some way a little case of constipation developed which at first, I did not think was serious and like most people I neglected it until before I knew it, my stomach had gotten in such a condition I could scarcely digest my food; this was bad enough but when my kidneys became involved I thought I would be an invalid the rest of my life. When I got up mornings the pain in the small of my back was frightful, a half hour's effort before I could straighten up and walk around.

"I was a little doubtful about taking Dreco for I'd taken several remedies with poor success, but after a week's time I saw a big improvement and now I'm feeling better than in years. My kidneys have been strengthened, constipation is corrected and my digestion perfect. Dreco helped me so much my husband is now taking it."

Dreco is being specially introduced by Evans Cut Rate Drug Store in Newark and sold by druggists everywhere.

GOVERNMENT OWNS PRODUCTIVE OIL LAND

Washington, March 27.—Nearly nine million barrels of oil were produced on government-owned lands in 1921, resulting in more than $2,000,000 being paid into the United States Treasury as royalties, according to the anual report of A. W. Ambrose, chief petroleum technologist of the Bureau of Mines.

The government receives royalties on all petroleum and natural gas and their products sold from government lands. The minimum oil royalty rate of 5 per cent is that for land leased as a reward for discovery. Most of the leases have been awarded, it was said, under a sliding scale of royalties ranging from 12 1-2 to 15 2-3 per cent. The rate on casing head gasoline is 16 2-3 per cent of the value of the gasoline extracted from the gas produced and sold.

More than 6,000 permits for prospecting for oil and gas have been issued by the General Land Officer, the report stated, while 267 leases were said to have been granted for producing oil and gas properties. Most of the oil produced on government lands is credited to Wyoming California, Montana and Louisiana. natural gas comes from Wyoming and California, and casing head gasoline from Wyoming and California.

JEWS ARE A NATION.

Loosely, the term "Jews" means the Semitic nation that was earlier called Hebrews, Israelites, or the children of Israel; strictly, the term is applied to the people descended from the tribes of Judah and Benjamin. The Jews still remain a distinct people and retain their nationality.

Makes all metalware look like new

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c

SOUR STOMACH HEADACHE

Bowels become clogged—food don't digest—rots, forms gasses. This causes miserable aches and pains.

Don't suffer. Get a 25c box of old reliable

VINCO HERB TABLETS

Remove the cause by starting the bowels, stimulating the liver and making the poison move on and out. Try "Vinco" and you'll never be without it. All Druggists.

A Bible Thought for Today.

DELIVERANCE AMID TRIALS:—When thou passest through the rivers, they shall not overflow thee: when thou walkest through the fire thou shalt not be burned; neither shall the flame kindle upon thee.—Isaiah 43:2.

LOSSES THROUGH STYLE CHANGES.

A shoe salesman says that the public has no conception of the losses that have to be paid as the result of the frequent style changes in footwear. He remarked that many shoes that were made to be retailed at $8.00 or $9.00, and could not be marketed before their design went out of style, had to be sold by the manufacturers for 80 cents to $1.00.

A woman went into a store the other day, and bought a shoe made to retail for close to $20, for three dollars and some odd cents. It may be nice to pick up these bargains, but when goods have to be sold at such a sacrifice, other people must pay more on their stuff to make up for the loss.

These conditions are equally bad on many kinds of women's clothing. If makers and dealers have to make such bottom prices to get rid of passee stuff, it follows that when the goods are new and fresh, the figures must be high enough to balance the loss on unsold portions of their stock.

The loss would not be so serious if it fell solely on wealthy people who can afford to pay high for novelties and the latest up-to-date thing. The majority of young women, including a multitude of working girls, feel shabby unless they have new styles, and they have to pay liberally for the privilege of having the latest trend. There are many families who complain bitterly about the high cost of living, who could do something themselves to reduce it if they would buy common sense stuff that changes but little from season to season.

Many items in our inflated prices are the result not so much of the war, but of the lack of thrift and sense on the part of the people. They can avoid a considerable element of cost when they become more independent.

THE DIRT DIGGING INSTINCT.

At an early age children go out in the streets after every rain and make mud pies. The instinct that leads them to dig in the dirt is inbred in human fiber. When they get a little older they take hold of school gardens with enthusiasm. They enjoy the sense of accomplishing something. When the little plants for which they sowed the seed come up, they feel like grown-ups and have pride in doing things.

People ought to retain this enjoyment through a life time. Other pleasures evaporate in the doing. No tangible result is left from the ball game they have seen and the motor rides they have enjoyed. But the flowers they have cultivated bloom on for the season and give a touch of joy and cheer to the homestead.

Every time they greet the eye, the householder can say with pride, "I added that work of beauty to this home and this neighborhood!" Similarly he can rejoice when he supplies succulent vegetables to his table without paying tribute to anyone.

This movement demanding the return of George Harvey should be stopped. George, next to Charlie Chaplin and the senate, is the main reliance for the daily snicker.—Ironton Ironton ian.

"He never passed the buck," says the New York World of former President Wilson. Harding is like that—he's so different.

One reason why many folks have no money in their pockets, is that they are carrying a flask in the place where their purse used to be.

The onion in the seed catalog looks nearly as big as a cabbage, but when the amateur gardener produces it he may mistake it for a bean.

Sweeter than the birdsong of spring to the housewives of Newark is the sound of the Old Man beating the carpet on the lawn.

Only known way to stop the taxpayer's squealing, is to give him ether and take the money out of his pocket while he's asleep.

These same men who condemn the short skirts, used a few years ago to be denouncing the long ones that swept the streets.

Being exhorted to take an interest in flowers, the women folks are getting some fine articles on their spring hats.

One reason why the politicians can't hitch their wagon to a star, is that their cars are so closely applied to the ground.

Much opposition is expressed among the kid crowd, to the building of ball grounds without the usual knotholes in the fences.

WAITING FOR THE COAL STRIKE

(New York World)

Though it is admitted at Washington that Secretaries Davis and Hoover have exhausted all means of averting the coal strike, the record of what they have done is far from impressive. Moreover, Mr. Daugherty asserts that the government is likely to take action through his department "when the public is pinched."

At present everybody concerned with the strike, including the public and the government, appears content to let matters slide. The public sees spring coming on and isn't much interested in coal. The government is aroused only when some national service is threatened, or, in other words, when the unions are in a position to exert an uncomfortable pressure. The anthracite miners are prosperous enough to want a vacation; the anthracite operators, also prosperous, are glad to see them take one, hoping they will come back humbled when funds run low. The bituminous operators are determined to have a strike to raise the price of coal and to cripple the unions; only the bituminous workers have nothing to gain, and they are striking, seemingly, out of pure desperation. There is an immense tonnage of soft coal on hand and the non-union soft coal mines can practically supply the country.

But the amount of hard coal on hand is not so large; neither are there any non-union mines to lay up a stock for future use. A bituminous strike alone would not be immediately serious; an anthracite strike alone would probably be quickly settled. But if the anthracite miners are to stay out until the bituminous dispute is adjusted, there will be an unprecedented shortage of furnace coal next winter. Decidedly, if the administration is holding any trump cards it had better play them before it is too late.

POSSIBILITIES IN WIRELESS.

The great variety of wave-lengths that can be used in wireless is what gives it its vast possibilities for usefulness. These wave-lengths vary in present practice from approximately 200 feet up to 20 miles. By mechanical means too complicated for description here, men have been able to "tune" their receiving instruments so that they will detect only the ether waves that are 600 feet long or 1500 feet long or 2 miles long, or whatever other length they may choose for the moment. By this tuning process, the "wireless ear" becomes deaf to all other waves, even though myriads of other waves are at the same time disturbing space. It is a result of this power of selection that great stations, like the new one at Fort Jefferson, Long Island, can send out its messages in long wave-lengths that can be heard around the world, without interfering with the amateurs in Brooklyn who want to talk on very short wave lengths to New York. This art of selective receiving has been perfected only to a limited extent. No means has been devised for separating wave lengths of 200 feet from wave-lengths of 201 feet. But it is possible to distinguish waves of 200 feet from waves of 202 feet—in other words, differences in length of 1 per cent, or greater can be detected and waves of this length excluded. As the wave lengths increase in size, these perceptible gaps become larger—for example, a station sending out waves of 10,000 feet length would interfere with other stations sending waves of more than 9,900 or less than 10,100.—French Strother in the World's Work for April.

Making Assurance Doubly Sure.

Aunt Callie says:—Will B. Drunker was took turrible sick t'other nite in the nite an' Hadda run as fast as she could clip for Doc Carvem. She was jest about out o' breath when she got there but she pounded on the door till she woke Doc up. He stuck his head outen the winder an' says he "Who's there?" "It's me, Doc," Hadda says, "An' I want you should come as quick as you can for I'm afear'd Will's dead," says she. "Well, my dear woman," Doc says, "if he's dead I can't do nothing for him," says he. "Oh Doc," Hadda says, a-beginning to cry, "Please come anyways for fear he hain't," says she.

Did You Know

That certain chemicals obtained from the Chaulmoogra tree have proved efficacious in the treatment of leprosy? Chaulmoogric and hydnocarpic acids were first isolated from chaulmoogra oil by Dr. Frederick B. Power and described by him nearly twenty years ago. Two years ago advice was received from Hawaii that nearly 200 lepers had been cured by intramuscular injections of these acids. The oil is obtained from the seeds of the tree, and the natives of Southeastern Asia are said to have long known of their curative properties. One of their legends tells of a Burmese king who exiled himself voluntarily and retired to the jungle where he lived in a hollow tree. He ate the fruit and leaves of this tree, the chaulmoogra, and in time was restored to health. The oil is very expensive in the United States and there is a movement on foot to plant seeds extensively in Hawaii with a view to establishing chaulmoogra plantations. The trees do not come into bearing till they are about eight years old.

The Dissolute Boudoir Cap.

Our idea of extenuating circumstances crystallizes into definite form when we learn that an erring man's wife wears a dirty boudoir cap around home.—Ohio State Journal.

Not only extenuating but completely exonerating, and there is no thoughful person but will deplore its escape fro mhte boudoir in the first place, running wild as it is and breaking all reproduction records.

If that unstartled faun you saw
Was not made of cast iron.

ANSWERS TO YOUR QUESTIONS

Any reader can get the answer to any question by writing The Advocate Information Bureau, Frederic J. Haskin, director, Washington, D. C. This offer applies strictly to information. The bureau cannot give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive researches on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.

Q. Where was the first chamber of commerce organized in this country? G. I. T.

A. The New York City Chamber of Commerce organized in 1768 and incorporated under a royal charter from King George III in 1770, was the first institution of its kind in the United States.

Q. How many schools are there in the United States? E. F. S.

A. It has been estimated that there are about 275,000 schools in the United States.

Q. In what denominations were the airplane stamps issued? P. O. M.

A. The post office department says that the airplane stamps were issued in the denominations of 6, 16 and 24 cent stamps.

Q. How many rose leaves does it take to make an ounce of Attar of Roses? A. H. D.

A. It is said that it takes two tons of rose leaves to make an ounce of this highly concentrated perfume.

Q. How is artificial snow made? B. J. C.

A. Artificial snow is made from steel wool or mica. In either case the material is simply broken into fine bits.

Q. Did Robert and Elizabeth Browning have a son? S. M.

A. Robert and Elizabeth Browning were the parents of one son, whose name was Barrett and who died approximately five years ago. Since his death, Mrs. Barrett Browning has occasionally made her home in Washington, D. C.

Q. When a lion and a full grown gorilla meet in their native wilds, which one flees? H. H.

A. The superintendent of the National Zoological park says in their natural habitat the lion and gorilla never come within range of each other. It is impossible, therefore, to state definitely which is the stronger.

Q. How much does it cost to keep a hen one year? C. M. B.

A. The poultry division says the cost of feed per year for one leghorn is $1.35. This type of hen requires 60 pounds of feed at 2 1-4 cents per pound per year. It costs $1.80 to feed a Plymouth Rock; it requires 80 pounds of feed per year. This does not include the cost of labor.

Q. What does E. T. S. per S. O. 23 mean on a man's discharge from the army? W. G.

A. This appreciation means "Expiration of term of service per special order 23."

Q. What was the play in which Charlie Chaplin appeared when he came to the United States? L. B.

A. Charles Chaplin came to the United States from Great Britian in a comedy on the American vaudeville stage known as "A Night in an English Music Hall."

Q. How many foreigners have been admitted to the United States Military academy? P. L. A.

A. From 1816 to 1917 there were 30 foreigners admitted to West Point.

Q. How is the name "Cavendish" pronounced? A. T. P.

A. Cavendish is given two pronunciations "kav-en-dish" or "kan-dish."

Q. Who invented celluloid? I. M. C.

A. The modern celluloid was invented by two brothers named Hyatt, of New[illegible] in 1869. Celluloid is a gum camphor with pyroxylin in the proportion of about two parts of pyroxylin to one of camphor.

ARBOR DAY IS 50 YEARS OLD

Celebration of Even This Year Is Of Unusual Interest.

Idea Originated In Nebraska, Then Known As "Treeless State."

(By FREDERIC J. HASKIN.)

Washington, D. C., March 27.—Arbor Day of this year will be celebrated with more enthusiasm than usual. It will mark the 50th anniversary of the institution of Arbor Day. Ceremonies celebrating this semi-centennial will be held all over the United States. Some foreign countries have followed the American lead and set aside a tree planting day.

J. Sterling Morton is responsible for the idea. Having taken up his residence in Nebraska, then known as the "treeless state," he put forth the idea of having an annual tree planting day. At a meeting of the state board of agriculture of Nebraska, held in Lincoln, January 4, 1872, he introduced a resolution "that Wednesday, the 10th day of April, 1872, be....especially set apart and consecrated for tree planting in the state of Nebraska." The resolution was adopted, and prizes were offered for the individual and the county society responsible for planting the greatest number of trees on this occasion. The plan received publicity, and more than a million trees were planted in Nebraska on that day.

Two years later Gov. Furnas, of Nebraska, set aside the third day of April as Arbor Day, and in 1885 the state legislature passed an act designating April 22. Mr. Morton's birthday, as Arbor Day, and making it a legal holiday.

From its inception until the present day, Arbor day has been celebrated in Nebraska. Tree planting was no new thing in the state, as the earliest settlers found the lack of timber a serious drawback. Not only was wood needed for fuel and fence posts, but wooded areas for the protection of field crops and fruit trees from winds sweeping across this flat country were imperative. But until Mr. Morton gave his idea to the state, tree planting had been haphazard. Nearly a billion trees have been planted in the state since the institution of Arbor day. Instead of being the "treeless state," Nebraska is now one of the leaders in practical forestry, it being estimated that 700,000 acres have been planted in trees. In 1885, in recognition of this great change, the Nebraska legislature passed a resolution giving the state the popular name of "The Tree Planter's State."

Kansas and Tennessee were the next states to take to the idea, following the lead of Nebraska in 1875. The following year Minnesota joined the ranks. Kansas as much the same sort of territory as Nebraska, and the same reasons impelled the action of that state. Minnesota was forested, but the white pine there was being destroyed at such an alarming rate, with no provision for future requirements, that the Arbor day idea got a quick response there.

After Minnesota adopted the idea, there was a wait of some years. Then in 1882 North Dakota and Ohio began to celebrate the day. The first celebration in Ohio gave a new angle to the spread of the idea. At a national forestry convention in Cincinnati the school children took a prominent part, 20,000 of them parading through the streets to Eden park, where trees were planted in memory of great men. The children participated in singing and reciting, and in putting soil about the roots of the newly planted trees This occasion was the inauguration of making Arbor day a school festival and of planting memorial trees and groves.

These new developments came to be known as "the Cincinnati plan" and are regarded as largely responsible for the spread of the Arbor day idea throughout the rest of the United States, and even beyond. As a school festival Arbor day is observed throughout the country. Ontario in 1887 set aside the first Friday in May as a flower and tree planting day. The plan was officially adopted in Spain in 1896. Hawaii took it up in 1905. Arbor day is now recognized and celebrated in all of the dependencies of the United States, in Great Britain, Canada, Australia, the British West Indies, South Africa, New Zealand, France, Norway, Russia, Japan and China.

Climatic conditions make the observance of this occasion occur at various times of the year throughout the world. In Alhambra and Texas as well as other places a day airady a holiday has been selected. In the two states named Washington's birthday is also Arbor day. In Jamaica the day is celebrated on Queen Victoria's birthday. In many of our states it is combined with Bird day. The date is earlier in the south and later in the north of our country, the dates running from from February 10 May.

The recent World war gave tree planting an added impetus. The idea of memorial trees was put forth and received well throughout the country. Memorial groves and trees for the heroes of the late war are being planted generally throughout America now. Lining roads with trees in memory of the soldiers killed in France was taken up also, the roads being given the desgnation, "Roads of Remembrance."

The colleges have taken up memorial tree planting with a vim. The University of Washington, at Seattle, has planted 58 trees in memory of the 57 men and one woman student who gave up their lives in the world war. Hereafter on Armistice day additional trees will be planted in memory of these student heroes, November being a good tree planting month in the northwest. Besides this tree planting, the university dedicated Memorial Way, one of the main entrances to the campus.

Pennsylvania State college is arranging to plant trees in a giant "S" on the shoulder of Nittany Mountain, where the trees can be observed from the college campus.

In a generation or two, if the good work is kept up—and it is sure to be—America will have escaped the threat of deforestation it has faced. It will produce all of the lumber it needs and will be able to export some without impairing the supply for the future. There will be wooded and beautiful breathing spaces throughout the land for people in cities as well as in the country. And there will be many miles of shaded highway to bring to memory those who laid down their lives in France.

Mr. Morton, the father of Arbor day, was born in New York state 90 years ago. He was educated in Michigan, taking up his residence in Nebraska after he reached manhood. At Nebraska City he founded the first newspaper published in that state.

In 1856 and 1857 Mr. Morton was a member of the territorial legislature, and the next year was appointed secretary of the territory by President Buchanan. When Gov. W. W. Richardson resigned a few months later he became acting governor.

In 1866 Mr Morton was the Democratic candidate for governor of the state, but was defeated. From then until he was again the candidate in 1881 he took active part in politics.

President Grover Cleveland appointed Mr. Morton as his secretary of agriculture in 1893, which post of honor Mr. Morton held until 1897. Mr. Morton was bitterly opposed to William Jennings Bryan when the latter became prominent in politics. Mr. Morton arrayed himself with the gold wing of the Democratic party. The last post of honor he held was as one of the commissioners of the Louisiana Purchase exposition, to which he was appointed by President McKinley in 1901.

THE LIBRARY PEST.

You get a book out of the library, and notice that some other reader has improved on the author by underscoring the printed text of pencilled notes in the margin. Occasionally these show intense interest and deep thought. But librarians say most of the "improvements" are changes in punctuation. Some folks are so busy looking for other people's mistakes that they haven't any time for their own.

Ants, believed to have been brought from America, are endangering the floral beauties of the Riviera.

In our school we are told
Gorge Washington never told a lie,
I wonder if he was ever tardy
And the teacher asked him why.

KEEP CHILD AT HOME 10 YEARS

Burbank Says No Boy or Girl Should Go To School Until The Age of 10 Years.

Santa Rosa, Cal., March 27.—Boys and girls of small towns should not be allowed to see the inside of schoolhouses until they are 10 years old, Luther Burbank, noted plant wizard, declared in a message responding to greetings from neighbors on his 73d birthday anniversary here recently.

"I speak of the boy or girl who has the privilege of being reared in the only place that is truly fit to bring up a boy or plant—the country or small town—the nearer to nature the better," he said. "In the case of children compelled to live in the city, the temptations are so great, the life so artificial, the atmosphere so like that of a hothouse, that such a child should be placed in school earlier as a matter of safeguard."

Mr. Burbank said his life work with plants has convinced him that the same treatment and care necessary to the highest development of plant life is essential to the highest development of human life.

"All animal life is sensitive to environment, but of all living things the child is the most sensitive," he declared. "Surroundings act upon us as the outside world act upon the plate of the camera. Every possible influence will leave its impress upon the child, in many cases even overcoming heridity. A child literally absorbs environment. The proper influence applied during the impressionable period will cause an effect that will be pronounced, immediate and permanent.

"Pick out any trait which you may desire in a normal child, honesty, fairness, purity, lovableness, industry, thrift, what not; by surrounding a child with sunshine from your heart and the open sky giving it free communion with nature, well-balanced and nutritious food, and you may fully attain the desired object."

Looking Backward

FIFTEEN YEARS AGO.

(From Advocate, March 27, 1907)

The Utica Gun club has completed arrangements for a "money back" to be held at Utica Wednesday and Thursday.

Mr. and Mrs. John Fries of South Sixth street announce the birth of a daughter.

The officers of the Day Nursery have announced an entertainment to be given for the benefit of the nursery April 3.

William D. Lee died at his home in Salina, Kas., Monday. Mr. Lee was a former Newark man.

TWENTY-EIGHT YEARS AGO.

(From Advocate March 27, 1894)

Mr. and Mrs. John Hughes, east of Newark, announce the birth of a son.

The "Married People's club" held the semi-monthly dance in the club rooms last evening.

McCune, Owen & Company, hardware merchants of the south side, will soon make a departure in their business. They have leased the Kibler store room in South Third street and will open with a full line of carriages and buggies about April 1.

The executive board of the Ohio W. C. T. U. are holding the mid-winter meeting in the Second Presbyterian church.

MR. J. H. WAGNER, Columbus, O.

Columbus Man Who Had Suffered for Years from Rheumatism Is Quickly Relieved After Taking Ka-di-ok.

Mr. J H. Wagner, living at 570 West Town street, Columbus, who works for the Evans Plumbing Co., is another grateful user of Ka-di-ok In a signed statement, he says 'I have been a sufferer from rheumatism for years which seemed to settle in my hips and legs. I have had spells where my rheumatism got so bad that I could not walk. I was in a very nervous condition and was restless and sleepless at night. I started taking Ka-di-ok, which had been highly recommended to me, and it has helped me more than I ever expected. My rheumatism is fast leaving me; I sleep soundly at night and feel better in every way. I certainly recommend Ka-di-ok to any person suffering from rheumatism. I think it is one of the best medicines in the world and I would not be without it under any consideration."

Ka-di-ok is an excellent stomach remedy and blood purifier, and one of the best system tonics obtainable anywhere. Right now is the time to take a spring tonic and blood purifier, your system demands it. Get a bottle of Ka-di-ok today.

Ka-di-ok can be obtained in Newark at Evans', Erman's and all up-to-date drug stores; Ullmans, Granville, Howard's, Johnstown. 3-27-1t

FASHION'S LATEST WRINKLE FOR MILADY'S ANKLE

Claire Windsor, Screen Star, Displaying the Rhinestone Anklet

At last Dame Fashion has come through with a "wrinkle' that is perfectly all right to have in your silken hosiery This latest wrinkle is the rhinestone anklet. They are worn on a satin ribbon If you would be even more stylish Lame Fashion suggests rhinestones to match for the buckles on your pumps

Ribbon Is Popular

Ribbon is playing a very big part in the ornamentation of summer frocks It does a very novel thing in this Claire gown when it fashions itself, by means of hole squares and to a very handsome insertion for a very louffant skirt

The unusual thing about given the ribbon is that of being folded to squares and caught at each point

narrower ribbon, thus forming a trimming with an openwork effect through which may be envisioned a bit of lovely lavender petticoat Verily the season seems to be one of lavender

If the frock itself is not lavender, then there must be somewhat about it a touch of lavender ribbon or a lavender flower.

The bodice of the gown is snug and wears very short and very snug sleeves, while the skirt is full and quite long. Undoubtedly long skirts are on the way Panels never stop short of the ankle and those skirts which are panelless and straight hemmed are rarely more than seven inches from the floor

She Won Her Battle For Teacher's Rights

Mrs. G. S. Forsythe

'Every time a woman opens the door into new fields all society passes through into a broader life"

The speaker was Mrs Grace Strachan Forsythe, the first woman associate city superintendent department of education, of New York city

Mrs Forsythe, known all over the country for her fight for woman teachers has been in the New York schools since 1893 Not once in that time has she failed to tilt a lance to advance the status of what she says should be the modest vocation of the working woman—teaching

"The rights of teachers?" she repeated, in reply to my query. "Well, the teachers of New York today have more rights than ever before But someone had to fight the battle The struggle for equality has been the woman's struggle The greatest impetus woman suffrage ever had in this state was the teachers fight for equal pay for equal work '

It was Grace Strachan who led the woman teachers' conorts on to victory and it took her six years to triumph

"Teachers have never been properly rewarded and women teachers have been the poorest paid of almost any worker When I began the fight for equal pay some of the women teachers were receiving less pay than the janitor of the building But now there is no sex discrimination among teachers. We have a good pension and increase salary system The women teachers today hold an important position in the onward march.

"When people criticizingly say 'politics' to me, I reply, 'Teachers are especially fitted to understand politics. They should be wide awake to the civic conditions surrounding them Why should not the women who have the training of future citizens take an interest in social, civil, national problems?"

'Of course, one of my great offenses in my long career has been to refuse to stay in a rut—another is that I have tried to keep teachers under me out of a rut, and I have as division superintendent 1 000 teachers under me."

While Mrs Forsythe has been fighting a fight for all women teachers her own advancement is a symbol of their bettered status.

In 1893 she started out a teacher and she has filled almost every position, principal, division superintendent, member of the board of examiners, and now associate city superintendent.

England is the third largest user of chewing gum.

POLLY *and* PAUL ....*and* PARIS

By Zoe Beckley

CHAPTER LXXIV.
DAYLIGHT.

Violet and Barray, left alone, fell silent.

The cab still waited outside. Its thunming suddenly broke the tension between them.

"Take me home, George."

"You feel able, cherie?"

"Perfectly, I want to go."

When she was settled in the taxi—not leaning limply in his arms, but gamely erect in her corner—Barray regarded her with a queer, analytical smile.

"He was right, the little doctor—you are brave beyond words. But it was mad of you, Vi, to risk your life just to save us from being robbed of a few dollars, a jewel or two."

She looked at him with the same puzzled expression as on the night before when he had come to her flat And again her laugh—a hard laugh, that turned the indrawn breath into a sign. She leaned her head back, closing her eyes as if with as much weariness of spirit as of body.

"Violet—" Barray's tone was gentler. "You did it for some—other reason?"

She opened her eyes and looked at him dully.

"Perhaps. . . . You Wouldn't undertsand. It is impossible to make men understand things I have always known it. Yet I always keep hoping, woman-like, that they will. How—How silly women are." She [illegible]ht her lip between her teeth [illegible]closed her eyes again.

"Men," said Barray slowly, "are not so. They go on living their lonely, empty lives and call it being independent. They become selfish and set in their ways, calling it comfort, not knowing that real comfort is sharing things with others, having a companion to laugh with, or weep with—even though the companionship is imperfect, for there is no such thing as the perfect companion at all times.

"In many moods, through many problems and fights, one has to be—alone. Many men confuse being footloose with being solitary. One can be footloose without being solitary, is it not so, Vi?"

"I think so," she answered quietly.

They were drawing to Violet's little flat.

"Maybe it's because this little nest of yours lures a chap like the call from the Lorelei rock," said Barray, "Or because I understand you better, Vi, than I ever did before But if you'll put up with me—On, come, Vi, I'm no poet, but I want you to marry me. Say you will!"

Violet's smile was wan, but her eyes met his with game good humor;

"If the light" lasts till tonight George—and you don't have a relapse into darkness—come back I'll give you my answer then"

Early morning baker boys stared in wonderment at the handsome gentleman strolling the streets at that hour, swinging the stick and smiling into the sunshine.

(To Be Continued.)

Newark Girl Takes Part in College Play

Lydia Grant Fraser, daughter of Rev Forrest L. Fraser, 152 Granville Road, who is attending Western college this year, gave a clever interpretation of Aunt Nancy, the veritable old maid in Rachel Crothers "Old Lady Thirty-one" given by the Junior class Saturday night.

Although written by Louise Forslund the book was dramatized by Rachel Crother and made popular some years ago by Emma Dunn.

Ask your grocer for Standard or Davis Butter, made by the Licking Creamery company. 1-14-tf

MARIE, ROUMANIAN PRINCESS, WILL WED JUGOSLAV KING

Princess Marie second daughter of King Ferdinand of Roumania, will become queen of Jugoslavia Her betrothal to King Alexander has been officially announced at Belgrade Alexander is the second son of the late King Peter of Serbia He was recently elevated to the Jugoslavia throne Princess Marie is 22.

FROM MOTHER'S COOK BOOK

A hearty fish salad may form the main part of luncheon during Lent. A cup of hot cream soup, fish salad, bran rolls, preserves and tea would make an acceptable luncheon for the family or an informal guest.

These salads could also be used for an afternoon party or evening supper during the lenten season. They are planed here to serve four. The rule should be increased as needed

Economical Salmon Salad.

One and one-half cups flaked salmon, 3-4 cup shredded lettuce, 1 tablespoon lemon juice, boiled salad dressing or mayonnaise.

Remove skin and bones from salmon. Canned or fresh cooked fish may be used Use leaf lettuce. Wash and crisp. Cut in narrow shreds with the kitchen shears.

Mix fish and lettuce and pour over lemon juice. Add mayonnaise to make moist. If boiled dressing is used it should be a rich dressing. The dressing itself furnishes real food value as well as giving the "piquant" touch to the meal.

Molded Salmon Salad

Two cups cold boiled salmon or canned salmon, 1 tablespoon lemon juice, 1 teaspoon minced parsley, 1 hard boiled egg, 3 sliced stuffed olives, 1 tablespoon granulated gelatine, 1-4 cup cold water, 1 cup boiling water, mayonnaise, lettuce.

Soften gelatine in cold water for 15 minutes Add boiling water and stir till dissolved Let cool. Mix salmon lemon juice and parsley with about three quarters cup of mayonnaise. Add the dissolved and cooled gelatine

Pour about one teaspoon of gelatine into each mold Add a slice of stuffed olive and then put a slice of hard boiled egg over the olive slice. Fill mold with salmon mixture and put on ice to set and chill. Unmold and serve on a leaf of lettuce.

The egg and olives make the mold rather more attractive, but can be omitted if not wanted This rule will make six individual molds.

IF YOU ARE WELL BRED—

You will introduce a younger woman to an elder, rather than vice versa

You will always make it a point to see that all of your guests are introduced to each other.

You will rise when introduced to a person older than yourself.

Announcing

the latest and most important development in the use of yeast as a medicinal product

Yeast Foam Tablets are for therapeutic purposes only; they cannot be used for baking purposes because they do not cause fermentation.

Yeast Foam Tablets

the only pure whole yeast in convenient tablet form

Thousands have asked us for this yeast

Yeast Foam Tablets are offered to the public in response to a prolonged and insistent demand for a convenient, easy-to-take, medicinal yeast of high vitamin potency.

Famous medical scientists helped us

They are the result of two years' laboratory research and experiment, conducted under the guidance of the leading medical scientists of six famous universities and hospitals.

Take Yeast Foam Tablets for those conditions

Yeast Foam Tablets, which are so rich in the tonic and tissue-forming vitamin, are recommended for loss of appetite or finicky appetite; indigestion; lack of physical strength and energy; anaemia; skin disorders; nervous troubles and many forms of ill health known as "run down" conditions.

Yeast and yeast vitamin are everywhere recognized for their extraordinary medicinal value.

Many people in the past, however, have found yeast objectionable on account of the form in which it was obtainable.

Yeast in new and pleasing form

Now, with the introduction of Yeast Foam Tablets, this objection has been overcome.

Yeast Foam Tablets, entirely pure, whole yeast, are put up in small, convenient, agreeable and easy-to-take tablet form.

They contain no drugs or other ingredients.

Important news for yeast users

Yeast Foam Tablets are from 4 to 5 times as concentrated as the ordinary baking yeast. The necessary vitamin potency, therefore, is contained in a much smaller dose.

They may be taken in any quantity desired, as they do not form gas or cause belching.

They are the only yeast suitable for children because of their absolute purity, their agreeable form, and because they do not cause fermentation.

Each lot tested

Before being released from our laboratories, each lot of Yeast Foam Tablets is tested for its power to promote growth. This precaution is the only scientific means of *standardizing* yeast.

Made by makers of Yeast Foam

Yeast Foam Tablets are made and guaranteed, both as to purity and vitamin value, by the Northwestern Yeast Company—for 45 years makers of the famous baking yeasts, Yeast Foam and Magic Yeast.

These two products, of which there are 10 million users in the United States, are of a quality which must inspire the fullest confidence in our new, pure, medicinal yeast—Yeast Foam Tablets.

Ask for these tablets by their full name

The name, Yeast Foam Tablets, is your protection. Remember the full name: use it. There is nothing "just as good."

Look at the handy pocket-size bottle here illustrated. Ask for it today at any drug store.

Avoid untested "vitamin" products

The great popularity of yeast and its remarkable health-building properties have been seized by patent medicine manufacturers, many of whose products are untested and do not possess enough yeast to have any vitamin potency at all. When taking yeast, be sure to get it in its purest and most potent form.

To the medical profession

Yeast Foam Tablets have all the tonic properties of fresh, live yeast—and this big, outstanding advantage: *they do not cause fermentation.*

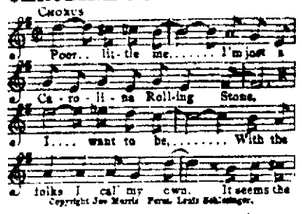
NEW YORK SONG SUCCESS

Written by Philadelphia Boy.

Another hot song in the music world called "Carolina Rolling Stone" was written by Harry D. Squires, composer of the tremendous hit "I've Got The Blues but I'm Just Too Mean to Cry" known all over the country. This new song with its music blending with the lyrics gives a splendid impression on the hearer. Following is a portion of the chorus

CAROLINA ROLLING STONE



Copyright Jos Morris Pub. Lyric Publishing Co.

This song is written in only one octave with a number of odd harmonies and possesses a sentimental value and has a beautiful southern melody which appeals to the public

Andy Dias was arrested yesterday by Game Warden B. F. Bonnette on a charge of dynamiting the North Fork for fish. His case was continued in municipal court this morning until Tuesday at 7 o'clock.

Newark Girl to Sing.
Newark people who are the fortunate possessors of radio receiving outfits will have an opportunity tonight to hear a vocalist Mrs. Oliver Heck of Pittsburgh. Mrs. Heck is a former Newark girl. Miss Minnie Brown, and several years ago sang in the choir of the Second Presbyterian church here. Mrs. Heck will give an entertainment over the Westinghouse sending station at Pittsburgh between 7 and 8 o'clock.

Daughters of Veterans.
The Daughters of Veteras will meet Thursday evening at 7:30, (new time.) A class of candidates will be initiated and refreshments served by the north end division.

Chicken Thief Works.
W. A. Ford of 86 East Locust street reported to the police Sunday that thieves stole four chickens from his coop during the night Saturday.

PERITONITIS IS CAUSE OF HOPEWELL BOY'S DEATH

Russel Lee Hoskinson, the 13-year-old son of Mr. and Mrs. Clarence Hoskinson of Hopewell township, died this morning at 4:20 o'clock at the City Hospital of peritonitis.

The child became ill on Thursday morning with an attack of appendicitis and was removed to the hospital on Friday and underwent an operation on Friday afternoon.

He attended the Fairview school and was a pupil in the seventh grade.

The parents survive.

The body was removed to the Bradley funeral parlors and will remain there until the funeral hour. The funeral will take place Wednesday afternoon at 1 o'clock in St. Paul's Lutheran church. Rev. H. W. Dunmire will officiate and burial will be made in Cedar Hill cemetery.

PERSONALS.

J. J. Dement and son Walter of Chicago spent a few hours in Newark with relatives, while enroute to New York, from which city they will sail soon for Europe.

Mr. and Mrs. Charles Crowley of Zanesville spent Sunday the guests of Mrs. Mayme Tally of East Church street.

Mrs. J. M. McCullough was removed in the Bradley ambulance Saturday from the City Hospital to her home in Hebron.

H. C. Woodward manager of the local office of the Warranty Secured Discount [illegible] went to Akron this morning on business.

SOUSA CONCERT PLEASES CROWD

Generous Applause Greets Numbers On Varied Program—Soloists Are Exceptionally Good.

The Sousa concert yesterday was under the same annoying conditions as other events about the [illegible] though scheduled for 2:15 [illegible] time, it was delayed an hour to coincide with the town clock.

With approximately a two hour program which was embellished with a generous response to encores, the band made close connections for Columbus where a concert was given last night.

The melody, alertness and inspiration of all the famous Sousa marches were developed by the splendid response to the director's baton always [illegible] Sousa rendition. Three were used largely as encore numbers.

Probably the most impressive number was the finale from Tschaikowsky's "Fourth Symphony" it was splendidly given. Announcement was made that Miss Mae Baker, soprano soloist, was ill with influenza and would be unable to sing. Her solo number was replaced by Miss Bambrick, clarinetist.

The program opened with "In the Spring Time" by Goldmark, the principal theme of which was the cherry delivery by the single reeds, attention to which was called by a program note. John Dolan the cornet gram note. John Dolan the cornet of Verdi," and his mounting and sustained melody were unusual. His encore number was Walt's "Lassie O'Mine."

The xylophone soloist was forced to take two encores and Miss Florence Hardeman, violinist, displayed a clever mastery over her instrument "Two movements from Concerto in F sharp minor" by Vieuxtemps gave opportunity for splendid fingering and bowing and her appeal in "Souvenir" with harp accompaniment was a delight.

As is customary with the Sousa program, a descriptive humorous selection was arranged. Yesterday the popular hit of "Mary," "The Love Nest" was given with interpolations and with jazz.

The Licking County Gun club of which Sousa is a member again presented the conductor with a gorgeous cluster of roses. Mr. Lawrence Krieg of the club drove the director of the band to Columbus for his engagement in the evening.

THE COURTS

Attorney Occupies Office.
Attorney W[illegible] Overturf announced today that he had taken office room in the office of Edward Kibler, [illegible] Trust building where he will establish his law practice.

Answer Is Filed.
In the case of Wales A. Johnson vs. M. Mack, a suit for damages resulting from a collision between machines on the Lancaster pike last November, Mack filed an answer and cross petition in common pleas court this morning. The answer admits the collision, but denies the other allegations. For cross petition Mack claims that the negligence of the plaintiff caused the accident and he seeks damages of $125 for damages to his car. Fitzgibbon, Montgomery, and Black represent Mack in the case.

Orders Property Sold.
In common pleas court in the case of Emma H. Harris, et al. vs. Phineas Headley, et al., a suit brought for the partition of real estate in Kirkersville, the commissioners reported that the property was not divisible without injury to its value. Zella Kummer elected to take the property at its appraisement and the court ordered the property sold directed the sheriff to make a deed to the property.

Sues to Collect $1041.
O. M. Tucker filed suit against Nicholas Critikos in common pleas court this morning seeking to recover on a judgment of the court for $1041. The petition alleges that this judgment has not been paid and that Critikos has due him from insurance companies the sum of about $3,000. The court is asked to enjoin the paying of this insurance money until the court can determine the priority of claims. Edward Kibler represents Tucker in the case.

RIGA IS NAMED AS AIR STATION

Riga, Latvia.—Riga is to be the half station in a regular air service planned to begin in the spring connecting Berlin and Moscow. The company, which will transport mail and passengers, is being financed by German capital.

The government, at request of representatives of the company and Soviet Russian officials, has granted permission for establishment in Latvia of way stations and aerodromes which are to be used in the service.

Two bells of Seaton Parish church Devon, Eng., are still sound, though made in 1430.

Peasants of those countries where black bread is eaten usually have good teeth.

Obituary

Dorothy Wooles.
The funeral of Dorothy Wooles took place this morning at 10:30 o'clock in the home in Mill street. Rev. J. V. Stone officiated and burial was made in Cedar Hill cemetery.

Mrs. Raymond Rian.
Funeral services for Mrs. Raymond Rian, who died Saturday morning, will be held Tuesday morning in the Pleasant Chapel church and burial will be made in Shannon cemetery. The cortege will leave the home at 10 o'clock standard time.

Mrs. Jesse W. Davidson.
The funeral of Mrs. Jesse W. Davidson, who died Friday night, was held this afternoon at 2 o'clock in the home in Elmwood avenue. Rev. George Rohon Schmitt officiated and burial was made in Cedar Hill cemetery.

Samuel F. Bowman.
Funeral services for Samuel F. Bowman were held this afternoon at 1 o'clock in the M. E. church in Alexandria and burial was made in the mausoleum in Cedar Hill cemetery.

George R. Young.
The funeral of George R. Young was held this afternoon at 2 o'clock in the home in Central City and burial was made in Cedar Hill cemetery.

A. W. Claggett.
Funeral services for A. W. Claggett were held this afternoon at 2 o'clock in the Western Avenue Baptist church. Rev. Mr. Daily officiated and burial was made in Cedar Hill cemetery.

Walter Williams.
Walter Williams, aged 46 years, colored, musician, died Sunday morning at 4 o'clock at the City Hospital where he was taken Thursday. His death was due to diabetes.

He had made Newark his home for the past 15 years, and was a member of the colored Masonic order.

Surviving are his wife, three sisters and one brother.

The body was removed by L. N. Bradley to the home 103 Jackson street and funeral services will be held Tuesday afternoon at 2 o'clock in the home and will be under the auspices of the colored Masonic lodge. Rev. G. L. Hicks, pastor of the A. M. E. church, will officiate and burial will be made in Cedar Hill cemetery.

Planet Venus moves around the sun at an average speed of 22 miles a second.

Three metals—sodium, lithium and potassium—will float on water.

TRAIN RUSSIANS HOW AMERICAN CORN USED

London.—Training the Russian in the proper methods of consuming American corn, has now been undertaken by the American Relief administration.

The distribution of corn to approximately 5,000,000 adults in the Volga valley has begun, the first 18 trainloads of the American gift having reached the famine areas according to advices of February 24. One Russian funt per day, or roughly 14 ounces, is the feeding allowance for adults.

So that they get to know the possibilities of this new food not only from a nourishing but a palatable point of view, cards containing recipes are being sent to all American Relief administration inspectors, village relief committees and distribution centers.

The recipes include such typical American dishes, as corn mush, corn bread, corn biscuits, corn soup and corn gruel. A warning against eating the corn in the raw state and directions for its treatment in case of spoilage are also being issued.

This is the first time the American Relief administration has distributed food directly to the individual for consumption in his own home. Child-feeding is always conducted en masse, about 2,000,000 Russian children now being fed one balanced meal a day in some 6,000 old kitchens.

English bull terriers are regarded as the best dog fighters.

BUDDHISM'S SACRED PLACE.

Diamond Mountain in Korea is a sacred place of Buddhism, the priests of which, coming from China in proselyting endeavor, settled there several centuries ago. Because, says the Christian Science Monitor, the Buddhists are tree lovers, E. H. Wilson, on his exploration trip to Korea for the Arnold Aboretum of Boston, found that no woodsman's ax or modern sawmill had invaded this area, and he discovered many new varieties of trees and flowers with which the United States and other countries will be enriched.

BODY OF ACCIDENT VICTIM SENT HOME

The body of George Wilhelm, who was killed Friday night when the machine in which he was riding overturned on the National Pike, near Linnville, was sent to his home in Louisville, Monroe county, Saturday at noon by McCament & Clunis Undertaking company. The funeral was held Sunday in Lewisville.

Dr. Bott, who was also in the car, and who was arrested on the charge of possessing and transporting intoxicating liquors, was released on $500 bond and went to Zanesville to meet the body and accompany it home. J. W. Webber of Sioux City, Iowa, owner and driver of the car, who was arrested on the same charge, and also for driving a car while intoxicated, has not been released. His bond was fixed at $1500. The hearing is set for Thursday at 1:30 o'clock.

TITHING BOOSTS CHURCH OFFERING

Indianapolis, Ind., March 27.—The Sunday offering of the East Tenth Street Methodist church here was swelled from its usual amount of about $175 to nearly $800 the first week that a tithing system was adopted, says Bishop F. D. Leete. Since then, according to the Bishop, the church has made financial strides indicated by an increase of $300 in the salary of its pastor, Rev. George S. Henninger, and by the largest Christmas offering yet reported to the Centenary office in Chicago. Bishop Leete adds that this was achieved by a church of working people in a time of financial depression.

"Will you leave politics?" inquired the sympathetic friend. "Nobody leaves politics," replied Senator Sorghum. 'Everybody stays till he gets left.'—Washington Star.

LUMBER MEN TO BOOST BUILDING

National Convention Will Be Held In Chicago In April.

Every Phase of Construction Work Will Be Represented.

Chicago, Ill., March 27.—Further impetus to the building industry, which shows marked improvement after being stagnant since the World war, is expected from the interlocking meetings here of the National Lumber Manufacturers association, April 4 and 5, the National Construction Conference under the direction of the National Federation of Construction Industries, April 3, 4 and 5, and the American Lumber congress, April 6 and 7. President Harding and possibly Secretary Hoover will speak.

It is predicted that closer identification of the lumber organizations with the construction industries will aid substantially toward the revival of building, and joint meetings will be held to this end. Over 1,200 leaders in the industries are expected to attend the conferences which are described as a "Three Ring Circus" of the building industry.

The National Federation of Construction Industries has invited representatives of building trade labor. It is hoped, according to Secretary W. B. Hay of the federation, that for the first time in this country results of progress in construction industries may be co-ordinated into one great demonstration. More than 25 association and firms will prepare displays showing developments. A construction industry dinner will be served April 5. Business will be transacted by various concerns, it is expected, and action will be taken on problems before the industries.

The National Federation of Construction Industries comprises all elements of the building industry from engineers to plumbers. The National Lumber Manufacturers association represents lumber producers. The American Lumber congress includes manufacturers, retailers and representatives of wood-using industries.

MARKETS

Local Markets.

Hogs: receipts light. Medium and mixed $10.30; heavies $10 and $10.25; roughs $5@8.

Sweet potatoes: Delaware $1.45@$1.75 a hamper.

Pittsburgh Live Stock.

Pittsburgh March 27.—Cattle receipts 1,300; lower; steers $8.00@$8.25; heifers $6.75@7.50; cows $4.75@$5.75.

Hog receipts 8,000; lower heavies $10.65; heavy and light yorkers and pigs $11.15.

Sheep and lambs receipts 4,000; lower, slipped sheep $9.00; clipped lambs $14.25; calves receipts 1,200. Top $11.00.

Wall Street.

New York, March 27.—Mexican Petroleum was the central feature at the heavy opening of todays market, declining 2 3-8 points in the first few transactions the reactions was attended by rumor that the Mexican government contemplated another advance in oil export taxes. Other speculative shares were under pressure, particular Beet Sugar, Studebaker, American Ice and International Agricultural preferred, those issues forfeiting one to two points. Recent irregular movements of rails, steels and equipments were resumed, leaders of those groups yielding moderately. Sterling and all other leading European exchanges were lower, German marks coming within a fraction of last week's low record.

Selling of oils, steels, equipments and motors increased during the morning. Mexican Petroleum extended its decline to three points and Gulf States Steel lost 4½. American Can, Pullman, Baldwin, General Electric and Bethlehem reacted one to two points. Sugars, Chemicals and shippings displayed increased heaviness and rails, especially junior issues, were under pressure. Ann Arbor, declining 2 1-4 points. Merchandising and chain store specialties were hte only stocks to show real strength. May Department Stores, Kresge and Phillips-Jones gained one to three points. Call money opened at 4½ percent.

Chicago Grain Review.

Chicago, March 27.—Wheat averaged lower in price today during the early transactions, being affected by a decided set back of values at Liverpool besides, bears contended that selling was in order until the foreign demand of wheat becomes more urgent or until there is more ground for apprehension as to the growing domestic crop. Support on the declines in proce came chiefly from shorts taking profits. The opening which was unchanged to 7-8 lower with May $1.30 to $1.39 1-2 and July $1.15 5-8 to $1.16, was followed by downturns all around, although interrupted by transient rallies.

Corn and oats were easy with wheat After opening 3-8 off to 1-4 higher May 58 to 58 1-8c, the corn market underwent a moderate general fall. Oats started at 1-4 decline to a shade advance, July 38 5-8 to 38 3-4c and held near to initial figures.

Lower quotations on hogs tended to weaken provision values.

Chicago Live Stock.

Chicago, March 27.—Cattle receipts 22,000; early sales beef steers 15 to 25c lower; early top yearlings $8.75; bulk beef steers $7.25@$8.00; she stock steady to weak, few to early sales veal calves 25c lower; practically nothing done; packers bidding $8.25 for best; bulls steady; scockers and feeders weak to 15c lower.

Hogs: receipts 49,000; active; mostly 10 to 15c lower than Saturday's average. Top $10.45; bulk $9.75@10.40; pigs 15 to 25c higher; bulk desirable 100 to 130 poundsers $9.50@10.00.

Sheep: receipts 2,000; generally steady to strong. Fat short lambs top $13.50; top wooled lambs $16; good 90-pound Colorado clipped $12.75; shorn Texas yearlings and twos $11.25@12; medium quality strong weight fat wooled ewes $9; good shearing lambs $14@14.50.

Chicago Produce.

Chicago, March 27—Butter: steady. Creamery extra 38c; firsts 36@37c; seconds 31@33c.

Eggs: firm; receipts 38,303 cases. Firsts 23@23 1-2c; ordinary firsts 21@21 1-2c; miscellaneous 21@23c; storage packed, extras, 35 1-2; storage packed firsts 25c.

KIWANIS MEETS AT 5:45 EASTERN TIME

Tonight's meeting of the Kiwanis club will be held at 5:45 o'clock, eastern time, at the Masonic Temple, it was announced this afternoon. It is the regular monthly evening meeting.

TRY TO STEAL LIQUOR.

Cincinnati, March 27.—Four armed and masked bandits made an attempt to rob the Industrial Products company which was formerly the Union distillery early today. They seized August Dolman, the outside watchman, bound and gagged him and tied him to freight car. Harry Moore the engineer at the plant and Ben Fiscus, the inside watchman saw the bandits tie up Dolman and quietly telephoned to police.

HAYNES ON SECRET MISSION.

Columbus, March 27.—Major Ray A. Haynes of Hillsboro, federal prohibition commissioner, was a caller at Governor Davis' office today while enroute from Washington to destination which he declined to make known. The mission is secret he explained. He was with governor but a short time.

APPROVES NO ALLIANCE.

Paris, March 27.—The French government will approve of adoption by the French parliament of the "no alliance" resolution for the four power Pacific treaty adopted by the United States Senate, it was stated today in official circles.

Port Huron, Mich.—Four men were killed, $100,000 damage done and a boiler was blown 250 feet into a dwelling when an explosion occurred on the ferry boat

HAVE YOU RENEWED YOUR DELINEATOR SUBSCRIPTION FOR THE YEAR 1922?

NORTON STORE CHANGES HANDS

Firm Operating In Columbia and Sedalia, Mo., Purchase Arcade Book Store from Morris Rogow.

Morris Rogow announces the sale of the Norton bookstore today to Scott Books & Truitt, who operate bookstores in Columbia and Sedalia, Mo. H. K. Truitt, new manager of the Newark store, will arrive next Thursday. A. R. Scott of Sedalia, who was here Saturday afternoon completing the transaction with Mr. Rogow and he expressed his pleasure in acquiring the Norton store.

Mr. Rogow, who for several years was manager of the clothing store in the Warden Block bought the Norton store about two years ago. He expects to engage in the clothing business here with one of the established firms but is not yet ready to announce his plans.

RADIO FANS! TUNE UP TO GET WGY MUSIC

Radio broadcasting station W G Y of the General Electric company, at Schenectady, N. Y., will send out concert programs Tuesday, Thursday and Friday nights, March 28, 30 and 31, at 7:45 o'clock, eastern time.

Every night, except Saturday and Sunday, W G Y will broadcast stock and 4 o'clock market quotations furnished by the New York state department of farms and markets and also authentic weather reports. The station will broadcast on a wave length of 360 meters.

Tuesday night a varied program of instrumental and vocal selections music will be given. Thursday night another varied program with a string quartet as a feature, will be broadcast. Friday night the New York food commissioner will give a talk and a program featuring a string quartet with vocal numbers, will be presented.

FRUIT SHIPMENTS STEADILY INCREASING

Washington, March 27.—Shipments of fruits and vegetables in great quantities by retail and wholesale merchants to all sections of the United States is steadily increasing, according to reports made to General Superintendent W. H. Riddell, of the Railway Mail Service.

As an illustration of the use to which the parcel post is being put by merchants, it was asserted by Superintendent Riddell that recently an entire freight car was loaded with individual cases of asparagus and shipped by parcel post rates. Each parcel, however, conformed to weight regulations, and it would not have been possible to ship the car load as a bulk, it was explained.

Department officials said that there appeared to be no reason why sufficient numbers of crates to make up a half car or a car load cannot be shipped in the future as parcel post. Parcels of a perishable nature, however, which are likely to spoil within the time reasonably required for transportation and delivery, will not, it was said, be accepted for mailing. The rates for parcel post matter depend upon the zone to which shipped and the weight of the package.

HALE'S ANNIVERSARY WILL BE OBSERVED

Boston, Mass., March 27.—The centenary of the birth of Edward Everett Hale, author of "A Man Without a Country," will be generally observed Monday, April 3. The Unitarian Layman's League is arranging a Hale memorial observance. Dr. Hale, however, was a patriot and man of letters as a Unitarian minister for 65 years, serving a single Boston church for 57 years. From 1903 until his death in 1910 he was chaplain of the United States senate.

"A Man Without a Country," written to strengthen morale during the Civil war, combined a marked and lasting impression. Other short stories by Dr. Hale achieved equal distinction. He wrote extensively also on historical and Spanish-American topics, and exerted important influence on philanthropic movements. A graduate of Harvard, he was at one time president of Phi Beta Kappa.

Edward Everett Hale was also a newspaper man. As a boy he learned to set type for The Boston Daily Advertiser, which was published by his father, and which he later served in every capacity from reporter to editor-in-chief. During his life he edited religious and literary journals.

NEW OFFICE FOR TRUST COMPANY NEARLY DONE

The remodeling of the mezzanine floor of the Newark Trust company, which is being done by the contracting firm, W. H. Palmer & Son, is about to be completed. The canvas curtain which has concealed the work from the bank proper, was removed today. The mezzanine floor has been converted into a large office or work room which gives a pleasing balcony effect from the bank floor. A marble stairway is being placed, leading from the bank to this floor.

This arrangement provides a well lighted, well ventilated office, more than doubling the working space of the bank, as well as adding greatly to the appearance. This large workroom on the balcony floor includes a large vault. A comfortable rest room has also been installed on this floor for the use of the bank employes. A group of coupon booths has been added on the first floor for the convenience of bank customers.

This work is being completed in such a manner that it has the appearance of being part of the original rather than a remodelled plan.

ADVERTISED LETTERS.

Mail of foreign origin advertised at Newark, March 27, 1922: Achille, Abrugia, Box 35; Henry, Miss Margaret, 34 1-2 West Church street; Claun, Spiro, 142 Jackson street; Raits, Milan, Box 225.

SUPER MAIDS TRAINED.

London—A scheme for training super-maids is gaining popularity in England. The maids are taught how to turn away unwelcome visitors, cook, clean and sew, do emergency plumbing and awaken at a set hour.

KHORRASSAN BAND APPEARS WEDNESDAY

Tickets were received today for the Khorrassan band concert to be given Wednesday night at the Auditorium theater under the auspices of the Newark lodge of Knights of Pythias. The band is directed by John H. Gill and is connected with Bakoo temple, N. O. K. K. of Columbus.

The band which appears here is the same which went to the national meeting at Chattanooga last August and competed with bands from all over the United States, winning first place. The organization aroused much favorable comment at the meeting.

The band is popular in Columbus has given three concerts recently.

DEATH ENDS FEUD WITH GOVERNMENT

Louisville, Ky., March 27.—A strange feud with the government that had lasted many years was ended here recently by the death of Peter Bitzer, the chief factor in this unique drama of life. Bitzer was arrested on an average of every second day of his life of 71 years. He usually violated the law to avenge a fancied wrong by the United States government almost half a century ago and not for the profit there was in it according to his friends. It is said that, on the contrary, Bitzer persisted in his illegal acts although they were slowly depleting his small fortune, and that while arrested nearly 175 times for violating the prohibition law, he was always a total abstainer.

When a young contractor just starting out in life, he was selected for another contractor on a piece of government work in the Louisville harbor. A flood on the Ohio river swept away the work, so the story goes, and Bitzer was held to the bond. This was said to have ruined him financially. Legal battles over the case for many years ended only in disappointment for Peter and it is said never to have become reconciled to the justice of the government's action.

Bitzer's first effort to retaliate came when he attempted to evade tax on oleomargarine. For this he served a year in prison. When national prohibition came into being Bitzer reputedly violated the law, it is alleged. He was arrested more than 175 times, frequently convicted, but generally escaping with fines. He, however, served several prison sentences, but always on counts which he had fitted with iron constitutions.

His meals were brought into the prison to him.

Despite the many conflicts he had with the police, Bitzer is said to have never become angered at them. The last time his property was raided, several months ago and a large stock of whiskey seized, Peter is reported as having called "come back again, boys," as the officers departed.

Following his litigation with the government, he is said to have preferred cash transactions always and seldom issued a check, although his business was voluminous at times.

NAVAL CLASS PLAN REUNION IN TOKIO

Washington, March 27.—Plans are being completed for the next reunion of the famous naval academy class of 1881 which is to be held in Tokio, Japan, in May. Included in the class graduates are Secretary Weeks, Rear Admiral Henry B. Wilson, Superintendent of the Naval Academy; Maj. Gen. Geo. Barnett, former commandant of the Marine Corps; Brig. Gen. Henry C. Haines, of the Marine Corps; Senator O. E. Weller, of Maryland; and Admiral Uria, of the Japanese navy. Admiral Uria attended the reunion in Washington last summer and then invited the classmen to meet in Tokio this year.

A special invitation to attend the reunion was extended to Secretary Denby on the ground that having married the sister of a member he is a brother-in-law member of the class." The American members will make the trip to Japan on the naval transport Henderson, sailing from San Francisco, and stops will be made at Hawaii, the Philippines and China enroute.

KIWANIS TO MARK DISARMAMENT MOVE

Chicago, Ill., March 27.—Pointing out that Canada and the United States agreed to restriction of armament on the Great Lakes in April, 1818, the Kiwanis Club International has designated the week of April 2-8 for the observance of Canadian and United States Days by the 697 Kiwanis clubs. Canada has offered to send as many speakers as desired by clubs in the United States, and a similar list of United States speakers will be maintained for Canadian clubs. Secretary Hughes is expected to address a Kiwanis gathering in Washington, and numerous college presidents, jurists and others will contribute to programs, officers say. Each club will hold its observance on the day of its regular meeting during the week designated.

Kiwanians say the purpose of these arrangements is to further friendliness between the two English speaking peoples of North America, and to disseminate information which will give the United States more knowledge about Canada, and vice versa. They add that the recent conference for limitation of armaments gives significance to the Rush-Bagot agreement of Monroe's administration, which the obeservances will commemorate, and which "accomplished a practical disarmament" on the Great Lakes.

MILLION JOIN U. S. LODGES IN YEAR

Cleveland, March 27.—More than one million people join various fraternal beneficiary societies each year, according to Secretary W. E. Futch, of the National Fraternal Congress of America, which has a membership close to ten million people, and embraces 93 organizations. According to Mr. Futch, the protection carried by this membership reaches nearly $12,000,000,000. The million people joining these societies each year adds a billion and a half insurance for the protection of families.

"It is estimated that in excess of $3,500,000,000, has been paid by societies of the congress during the past fifty years," said Mr. Futch.

BERLIN WORKERS BUSY.

Berlin.—Unemployment in Berlin has decreased to the lowest figure since the armistice. During the last three months only 14 workers out of every 1000 were unemployed.
